## TWENTY-THIRD ANNUAL REPORT

OF THE

## BOARD OF THE CHURCH ERECTION FUND.

#### To the General Assembly of the

Presbyterian Church in the United States of America:

Acknowledging with gratitude the presence of the good hand of God in prospering its work, the Board of the Church Erection Fund respectfully presents its twenty-third annual report.

Notwithstanding the discouragements and anxieties that have arisen from inadequate means, the year has been one of sustained progress. As every State and Territory is now occupied by our army of home missionaries, so from every State and Territory comes the call for help to build the houses of worship which alone insure the permanency of the great work of evangelization undertaken by the Church.

This is true not only of the younger States to which our thoughts more immediately turn when we speak of home missionary work, but also of the older regions which to the fathers and grandfathers were frontier territory. Many places even in our oldest States, for one reason and another, still need the fostering care of stronger communities if they are to maintain the churches that have long been organized within their bounds. In others of the older States new interests of mining or manufacturing spring up, and as a consequence new towns grow rapidly into prominence. Another factor in the work at large is the changing population caused by the establishment and demands in older States of these new industries.

Thus the Board in its work recognizes several distinct classes of appeals.

First and most important are the demands from the new States and Territories, that with their fertile prairies, their rich forests, and their inexhaustible mines are ever beckoning to the pioneers and the immigrants from beyond the seas. Second only to these are the needs of the older towns and cities which, constantly expanding, find that they are unable to supply unaided the spiritual needs of their swelling populations.

Third are to be heeded the claims of the young cities in the new South, fast rising with restless energy into prominence.

Fourth, the constant growth in New England of a Presbyterian population from Scotland, Ulster, and the Canadian provinces explains why Presbyterianism instead of being considered an intruder in the old home of Congregationalism, is welcomed as a necessary ally in maintaining the vital power of religion.

Finally, the older South, and especially its seaboard, petitions through the mouth of its freedmen that its spiritual needs be not passed by.

#### THE DEMANDS OF THESE FIELDS.

From these different fields there have been received during the past year no less than 239 applications, of which 188 have been for grants or loans for church edifices and 51 for aid in building manses—and the aggregate amount applied for was: Grants, \$105,391; loans, \$40,182, and loans for manses, \$21,010; a total of \$166,583, an amount much exceeding that of any previous year in the Board's history. It should be noted, however, that \$40,182 of this demand was upon the newly inaugurated loan fund and from a class of churches that hitherto have heen excluded from the scope of our work. Upon the other hand it is to be said that the informal requests for aid which have not yet been put in due form for action would add nearly \$50,000 to the aggregate demand.

#### RESOURCES.

Commencing the year, as was the case, without any balance in the treasury, and with numerous applications already awaiting action, the Board has been obliged to exercise great prudence in order rightly to meet these increased demands upon its resources. It has tried carefully and conscientiously to discriminate in its response to applications; giving the preference, as directed by the General Assembly, "to the weaker churches and less costly buildings, when other things were equal." Nevertheless the inadequacy of its resources has compelled a cramping in its appropriations that has in some instances put unexpected burdens upon feeble churches that had confidently looked for adequate aid.

It is true that the contributions from the churches have not fallen below former years, but with a constantly growing Church

it is not enough to maintain the average of the past. It may properly be expected as the Church grows in wealth and reaches out to secure new territory that its appropriations to the establishment of its new congregations will annually increase. This the Board regrets to say has not been the case.

This untoward result may be partly accounted for in two ways. As was more fully explained in the report of last year, many presbyteries (especially those having within their bounds great cities) are so deeply interested in local work that they forget the claims of the broader field which is the sacred charge of the whole Church of which they form an important part. Necessarily the very presbyteries upon which the Board must mainly depend for supplies to maintain our hundreds of young missionary churches, are the very presbyteries that see pressing upon them most urgently the needs of church extension within their own bounds.

So imperious are the demands for men and means to do Christ's work in such great cities as Chicago, Philadelphia, Pittsburgh, Cincinnati, St. Paul and Minneapolis, that they would not be adequately met if they absorbed every cent that the churches of those metropolitan centres now give for Home and Foreign Mission work in all their branches; but no one would argue that such selfabsorption would be a just use of the Lord's money. evangelical work is insufficiently supported at home, the millions of perishing souls in other lands must not be entirely passed by; and in like manner, even if needed church building in the great commercial centres be somewhat delayed, the life-and-death struggle for existence of our little churches upon the prairies and among the mountains must not be absolutely forgotten. That this consideration needs emphasis at the present time is evident from the fact that more than one of our older cities and some of our strongest synods actually ask of the Board more in appropriations than they send to it in supplies. Such self-absorption would need to be carried but little further to cripple seriously, if not actually imperil, the work of the Board.

The other cause of the insufficiency of supplies that may properly be indicated, is an apparent want of interest in the work upon the part of those who as pastors or officers direct the benevolent interests of congregations. How else can we account for the fact that more than one-half of the churches upon the roll of the General Assembly make no contribution at all to the work of Church Erection. Can it be doubted that such churches would give something, even though it were small, did they have the matter simply presented to them. A single word from a pastor is most effectual. How true this is, is

shown by the fact that from time to time the treasurer of this Board is encouraged by receiving from some congregation a contribution greater than the aggregate gifts of the preceding ten years, with a simple note from the pastor saying that he had presented the cause for the first time to his people with the accompanying happy result.

The actual number of contributing churches this year was 3425, an increase upon last year of 48; but as many others made no contribution whatever.

As a consequence of the inadequacy of its resources to meet the increased demands, the Board for the first time in its history was obliged to postpone action until the new year upon 22 applications, aggregating \$12,666.

By so doing it escapes the necessity of reporting itself in debt, but it must accept the almost equally unfortunate fact that it commences the year with an empty treasury and an already present demand for nearly \$13,000.

The working income of the Board, including the small balance unappropriated from last year and the actual receipts, was as follows:

Balance unappropriated			\$1,765	78
Contributions from churches	\$58,186	05		
Individual contributions	3,949	88		
Legacies	4,509	20		
Interest on invested funds	9,089	08		
Sale of church buildings	5,910	98		
Appropriations returned	1,855	23		
Receipts from insurance	1,894	18		
Special contributions	5,803	91		
Premium on sale of Gov. Bonds	2,700	00		
			\$92,848	51
Temp. Loan from Perm. Fund to Loan Fund			23,200	00
Contributions to Manse Fund	\$ 894	27		
Repayments to Manse Fund	9,155	95		
Interest to Manse Fund	458	66		
Special contributions to Manse Fund	925	00		
Partial loss recovered	75	00		
		_	\$11,508	88
			\$127,552	39

#### APPROPRIATIONS.

1. The General Fund.—From this fund appropriations are made only for church edifices. As the demand from the opening of the year constantly pressed upon the resources of the treasury, great caution was needed that, while not neglecting nor discouraging worthy applicants, promises should not be made that the Board would find itself unable to fulfil.

Appropriations have been made to 154 churches, the amount promised aggregating \$78.717.

The applications thus met have come from 28 Synods, 106 Presbyteries and 36 States and Territories.

In regard to number of appropriations to Synods Minnesota, Iowa and North Dakota head the list with 13 each, followed hard by California on the Pacific coast and Catawba on the Atlantic with 12 each.

The number of grants is 9 less than last year, and the aggregate amount \$4,652 less.

In addition to formal appropriations, special gifts aggregating \$5,253.20, have been made to churches.

This makes the total amount for church edifices from the General Fund \$83,970.20. The total payments were \$92,203.38, of which \$5,253.20 were on account of special gifts, and \$393.51 from insurance companies to meet losses by fire.

- 2. The Manse Fund.—This fund is a permanent one, and as it is not increased by annual contributions from the churches its work is necessarily limited. It now amounts to \$ 36,944.19, one-quarter to one-third of which coming in each year from repayments, is available for new work. Of the 51 applications received asking for \$21,010, there were approved 38. The loans thus promised aggregated \$15,300.
- 3. The Loan Fund.—This fund was inaugurated by the Assembly, 1891, which directed the Board to perfect a plan for the administration of the new work thus proposed. The object of this department was not to interfere with the present system of absolute grants or of loans without interest from the General Fund contributed annually by the churches, but to supplement this by providing a fund from which loans might be made upon a business basis to congregations that needed only the accommodation of time to be able to complete their own buildings without aid from the purely benevolent funds of the Church at large.

To such applicants loans may be made to be repaid within a longer or a shorter period with a low rate of interest. The advantage to the church is in permitting payment in annual installments and the reduction from the excessive rates of interest ordinarily charged in our younger States.

This year is the first in which this department has been in practical operation, and although the delay in receiving certain funds which are expected has limited the extent of the work, enough has been done to show how important a feature this department may become in the future operations of the Board.

Loans have been made in sums ranging from \$1,200 to \$5,000, to nine different churches, aggregating in amount \$23,200.

The payments are due in from five to ten years, and the rate of interest, which is nominally 6 per cent., is subject to a rebate when installments are punctually paid, so that it in such cases actually amounts to 3 per cent. per annum.

The Board believes that this department may be greatly enlarged with the happiest results, and in accordance with the direction of the Assembly invites special contributions and legacies to be added to the Loan Fund. Such gifts may be made with the consciousness that they will form part of a permanent fund which will be loaned out again and again and continue its beneficent work in perpetuity.

#### SUMMARY OF RESULTS.

Recapitulating the results already given, it will be seen that including all its different departments the Board has extended its work more widely than in any past year and disbursed a larger amount of money—it being noted, however, that it is the addition of the Loan Fund that carries it much beyond the average.

The number of churches reached in all branches of the work was 218 and the aggregate amount pledged for their aid \$122,470.20.

A map, as usual, is appended, which shows at a glance the scope of the Board's operations. The alphabetical and synodical lists of the churches will enable the observer to follow the work in detail.

The aggregate of receipts in all departments was \$101,643 and the sum of all payments including expenses of administration, \$136,938.67. Of this \$19,200 is borrowed temporarily from the permanent fund.

One hundred and eighty-six churches and manses have been reported as completed without debt during the year through the aid of the Board, aggregating in value not far from \$400,000.

The mortgages held by the Board to secure its grants amount to nearly \$2,000,000.

These mortgages, as is well understood, are simply for the protection of the capital that the Church at large has invested in these new buildings. Consequently they draw no interest excepting in the case of those held by the loan department, and are due only upon the dissolution of the church or the abandonment of its building. The churches, however, are encouraged to return the sums given them by the provision that their annual contributions may be accounted as payments on the mortgage previded each such contribution is not less than 10 per cent. of the amount of the original grant.

Insurance policies are held to protect the mortgage interest. Fires are not infrequent, and in case of such loss the amount recovered from the insurance company by the Board is regranted to the church if it rebuilds, as is usually the case.

To aid churches in securing neat and tasteful houses of worship the Board furnishes a Book of Designs giving perspective views and ground plans of churches designed by a number of different architects. The Board can furnish at a very low price the working drawings and specifications of many of their buildings.

#### A HALF-CENTURY'S WORK.

The first action of our Church looking to the establishment of an organized plan for aiding in church erection was taken by the General Assembly (O. S.) meeting in Philadelphia in 1843. The present year therefore completes a half-century since the inception of the movement.

As the last General Assembly directed that in connection with the "Religious Exhibit" at the World's Columbian Fair there should be included a survey of the work of our Boards, the Board has been at some pains to tabulate the progress and results of its work for the half-century, the close of which thus happily synchronizes with the date of the great Fair.

It is believed the tables upon the following pages, given as a supplement to the brief history and summary of results, and showing the progress of the work from year to year will not be without interest, as indicating how the scope of the work each year has enlarged, taking in new States and Territories until the entire. Continent was traversed.

#### HISTORY.

The Committee upon Church Extension of the Board of Domestic Missions, authorized by the General Assembly (O. S.), of 1843, was appointed in 1844.

The Trustees of the Church Erection Fund were appointed by the General Assembly of 1854 (N. S.), and incorporated by the Legislature of the State of New York, March 31, 1855.

The Committee of Church Extension was reorganized by the General Assembly of 1855 (O.S.), and established as a Board in 1860.

At the Reunion in 1870 these two Boards were consolidated under the name of The Board of the Church Erection Fund of the General Assembly of the Presbyterian Church in the United States of America, and incorporated anew by the Legislature of the State of New York, March 27, 1871.

#### SUMMARY OF RESULTS.

	No. Churches Aided.	Amount Granted.
Committee upon Church Extension (O. S.), 1844-55	382	\$60,000 00
1854–70	480	200,000 00
Board of Church Extension (O. S.), 1855-70	1,040	458,780 00
Board of Church Erection, 1870-98	8,862	2,417,845 00
Total	5,264	\$3,186,625 00

Approximate value of property secured \$10,500,000.

#### TABLES.

The table preceding upon pages 10, 11 gives the work of each year in the States reached.

In examining this table it is interesting to note as the years go on how regularly the columns extend to the right indicating the westward reach of the work.

In the first year but 12 states are included, and of these, three are in the South, and one only, Iowa, west of the Mississippi. Before the close of the first decade, however, Minnesota, California and Oregon appear, the presence of the latter two indicating the date of the gold excitement upon the Pacific coast. These states, however, were reached by the way of Panama and the Isthmus: and across the continent from Iowa to the Sierra Nevadas, the plains and prairies were still a barren waste.

In the second decade Nebraska, Kansas, Dakota, Indian Territory and Washington claim a place, while in the center of the table a blank in columns previously occupied, marks the effect of the civil war in withdrawing from our Assembly the churches in the southern states. Later it will be noticed some of these columns are again occupied, as the work extended to the Freedmen and the immigrant population of the New South.

In the third decade we find the names of Colorado, New Mexico, Wyoming, Nevada, Utah and Montana, as here and there a church dotted the vast plains. In the fourth decade come Arizona, Idaho and Alaska, leaving only Oklahoma to be entered during the last ten years.

The total number reached in this table is 6,605, but as in this number are necessarily included repetitions accounted for by special gifts and supplementary grants the total obtained is somewhat in excess of the actual number of individual churches aided.

TABLE II.—WORK OF THE BOARD BY STATES, 1843-1893.

	No. of Churches.	Grants.	Value of Property.
Alabama	16	\$9,520	\$38,080

Wyoming	14	8,880	24,990
	5,264	\$8,186,625	\$10,897,208

The second table (page 13) which gives the states in alphabetical order indicates as nearly as possible the number of distinct churches aided in each State during the entire period and an approximately correct statement of the amounts granted to each and of the value of the property thus secured. These latter amounts are calculated upon the basis of the entire amount appropriated, divided, upon a careful consideration of averages, among the churches aided. The amounts, while not absolutely accurate, are under rather than over-stated.

Even in this second table it will be seen that the number of churches in several states actually exceeds considerably the number now upon our roll in the same states.

This is accounted for by the fact that, in numerous instances (amounting probably to 5 per cent. of the whole), the same church has been assisted in erecting two successive buildings, and still more by the much less happy circumstance that many churches organized with apparent promise nevertheless die. This is more apparently than really discouraging, inasmuch as churches in our fast-growing country must be organized in many villages and hamlets, the future of which is necessarily uncertain. The supply of timber giving out, the failure of mines, the changed direction of railroads, result in the practical desertion of scores of young towns every year, and the churches must needs suffer the same fate. Chiefly from this cause since the reunion in 1869 more than 1,200 churches connected with the Assembly, or nearly 15 per cent. of all then existing or since organized, have been dissolved.

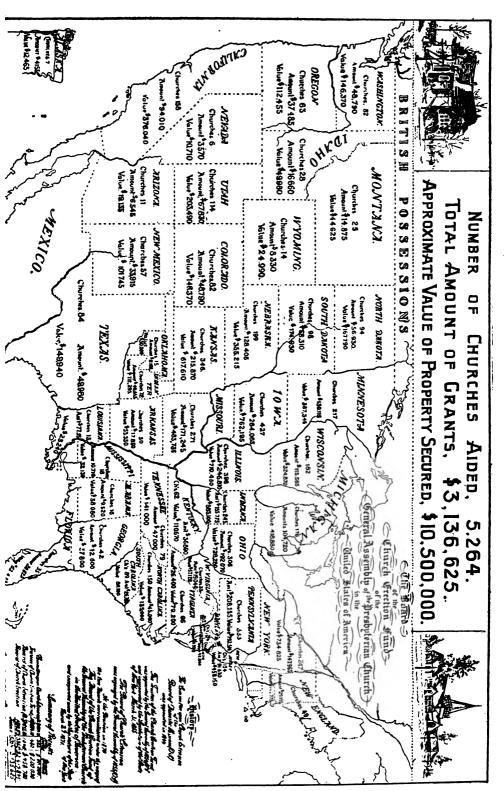

Considering the rapidity of our country's growth the changing conditions of successive years, and the obligation to organize churches wherever there seems a probability of a successful future, this discount upon the apparent advance is no greater than was to be expected. It is the necessary loss involved in carrying forward any great and enthusiastic movement.

#### THE COLUMBIAN EXHIBIT.

After careful consideration of the best form in which this proposed exhibit could be made, it was decided, in view of the very limited space available, to send a handsomely framed map, giving a bird's-eye view of the work accomplished throughout the land by this Board during the half century.

The aggregate amounts are given in plain figures at the top, and upon each State is printed distinctly a statement of the number of grants it has received, their total amount and the approximate value of the property thus secured.

Upon the next page is a reduced copy of the map thus prepared.

#### THE FUTURE OF THE WORK.

In view of the results in the past it would seem as if little need be said to show that a great work awaits this Board in the future. Our Church is constantly growing, and although every State be occupied, yet while population increases new congregations must be organized and new church edifices erected.

For the salvation of this great land all of our Christian denominations are working hand in hand. Some of them are far surpassing us in the number of their missionaries and the extent of their evangelical work.

'That the Presbyterian Church, so greatly blessed of God in the past, may bear her just and glorious part in the great result towards which God's people are moving, she will need to rise to greater heights of self-abnegation and to pour far larger gifts into the Lord's treasury.

This Board rejoices in the department of the workcommitted to it; it longs to meet adequately the responsibility with which it is honored, but it can give only what it receives, and it is dependent under God for all success upon the sympathy, the prayers and the co-operation of the 8,000 congregations that compose our Presbyterian host.

May it not as it enters upon its second half-century look confidently for contributions from a far larger number of churches, and for a substantial increase from those who have co-operated in the past?

In this coming year it will need not less than \$150,000 from the churches in addition to its other resources.

It would also suggest, as a provision for the future with its increasing demands, that churches receiving grants should more generally consider them as loans without interest and hold it as a sacred obligation to return to the Board each year not less than one-tenth of what it has received.

#### ELECTION OF MEMBERS OF THE BOARD.

The term of office of the following members of the Board expire at this time:

MINISTERS.

ELDERS.

REV. SAMUEL D. ALEXANDER, D.D., REV. FORD C. OTTMAN,

WILLIAM N. CRANE. BENJAMIN F. DUNNING.

REV. FORD C. OTTMAN, REV. JOHN REID, D.D.,

GEORGE E. STERRY.

REV. ROBERT F. SAMPLE, D.D.

It will devolve upon the Assembly to fill these vacancies.

All of which is respectfully submitted By order of the Board.

CAMPEL D. ALE

SAMUEL D. ALEXANDER,

ERSKINE N. WHITE,

President.

Corresponding Secretary.

# Report of the Standing Committee on the Board of Church Erection.

The Assembly's Standing Committee on Church Erection respectfully presents the following report:

This may be regarded as the semi-centennial year of the Board of Church Erection. The Assembly (O. S.) took action in 1843 for the establishment of an organized plan for aiding congregations in the erection of church edifices. The Trustees of the Church Erection Fund were appointed by the General Assembly (N. S.) and incorporated by the Legislature of New York, March 31, 1855. The two Boards were consolidated at the reunion in 1870, forming the present Board of Church Erection.

From the inception of the work until the reunion in 1870 the number of churches aided were 1,902. Since the consolidation there have been aided 3,362 churches, making a total of churches aided since the organization of the work of 5,362.

The progress of the work from year to year during the half century is strikingly set forth in the report of the Board in a table giving the work each year in the States reached. In the first year but twelve States were included, and of these only one, Iowa, west of the Mississippi. Before the close of the first decade Minnesota, California and Oregon appear, the latter two, however, being reached by way of Panama and the Isthmus, for across the plains it was still a barren waste. Next appear Nebraska, Kansas, Indian Territory and Washington. At the same time blanks appear in the columns of the table which mark the effects of the Civil War, in the separation of the Southern Churches from the Assembly. Then follow the names of the new States of Colorado, New Mexico, Wyoming, Utah and Montana.

The 5,264 churches aided are located in 45 different States and Territories. The total sum granted to these churches amounts to \$3,136,625. The value of church property possessed by these churches is estimated at \$10,397,205.

These magnificent results vindicate the wisdom of the Fathers

in devising and executing this scheme and is an inspiration for us, in view of the pressing needs and ever widening field before us, to be faithful in executing the trust committed to our hands.

In reviewing the work of the Board one thing is conspicuously evident, that the work is constantly increasing. Urgent appeals come from all quarters, not only from the new and growing States of the West, but also from all the older States. From these different sections there have been received during the past year 239 applications, of which 188 have been for grants or loans for church edifices and 51 for aid in building manses. The aggregate amount applied for was, grants, \$105,391; loans, \$40,182, and loans for manses. \$21,010; a total of \$166,583, an amount exceeding that of any year in the history of the Board. And yet the inadequacy of the Board's resources has compelled it to put burdens upon feeble churches that had expected its aid. The resources of the Board do not increase with the increasing demands made upon it. This is in part accounted for by the growing tendency of the churches in our larger cities to contribute to local needs at the expense of general interests.

The efforts of our wealthy churches and stronger presbyteries towards local church extension are laudable and highly desirable: but these churches and presbyteries should never forget that upon them is also devolved the duty of relieving the necessities of weak churches in the remote and destitute places of our land. In this connection your committee would emphasize the fact that some of our older and larger Synods, instead of coming to the help of the Board in aiding churches in destitute places, are pensioners on the Board for aid to their own churches.

The four Synods of New York, New Jersey, Pennsylvania and Illinois are the Synods which have heretofore contributed to the Board in excess of their demands upon them. To these has been added this year the Synod of Ohio. The total amount contributed by these Synods in excess of their drafts being about \$27,000.

Your committee is compelled earnestly to urge upon the churches that have received aid from the Board the importance and the justice of returning as soon as they are able the amount they have withdrawn from it. A church which in its infancy has been aided from the funds of the Board and has grown to mature years and gathered strength, ought promptly and cheerfully to return what it received, that other struggling churches may in their turn enjoy its benefactions. By the rules of the Board any church may liquidate its indebtedness and cancel its mortgage by ten annual payments which are at the same time credited to the church as its annual contribution to the Board.

It is a matter of great regret that so large a number of churches fail in their duty to make contributions to this Board. Let Synods and Presbyteries emphasize the duty of churches in this matter and take such action that the evil may be remedied.

Your committee notes with satisfaction that the Loan Fund has been put into operation by the Board. Loans have been made in sums ranging from \$1,200 to \$5,000, to nine different churches, aggregating in amount \$23,200. By the plan on which this fund is managed many churches whose prosperity demands the erection of edifices exceeding in expense their present ability, and who are debarred from borrowing by the exceeding high rate of interest in their several localities are finding the relief they need through this part of the Board's efficient effort. Let not the Church be content with the amount of the Fund already secured, but let effort be put forth to increase the basis for loans.

Overtures were received from the presbyteries of Palmyra, Kansas City and White River asking that the plan governing the Board of Church Erection be amended so that its funds may be made available for building chapels not only in those territories to which it is now limited, but wherever the Board in conference with the presbyteries shall deem such action desirable.

To these overtures we recommend the following answer, namely: That so far as the erection of chapels is concerned the Board already has the power sought for it by these overtures, the special permission accorded for certain territories being required to authorize the erection of school buildings for the Mormon, Indian, and Spanish-speaking peoples, and not applying to the erection of chapels for divine worship.

In concluding this report your Committee recommends the adoption of the following resolutions:

- 1. Resolved, That this General Assembly heartily approves the work of the Board as now conducted in its several departments of work, and commends it to the generous liberality of all its churches.
- 2. That it is specially urged upon Synods and Presbyteries that they adopt measures to secure an annual contribution from each church under their care.
- 3. That in the judgment of this Assembly not less than \$150,000 is needed for the work of the Board during the present fiscal year, and that effort be made to realize the amount thus required.
- 4. That the older Synods and Presbyteries be earnestly urged to so consider the great needs of the new fields in the West as to make strenuous effort to contribute more to the Board of Church Erection than they ask from its treasury.
- 5. That the Board be directed whenever practicable and in accordance with the best interests of the church aided to engage with said church that the amount granted shall be regarded as a loan, not bearing interest and to

be repaid to the Board in specified annual payments to be credited to the church as its annual contribution.

- 6. That churches making special contributions to particular churches, be earnestly advised to send such contributions through the Board.
  - 7. That the minutes of the Board be approved so far as written.
- 8. That the names of the following members of the Board whose term expires be nominated to be their own successors:

Ministers, Revs. Samuel D. Alexander, D.D., Ford C. Ottman, John Reid, D.D., Robt. F. Sample, D.D.; Elders, William N. Crane, Benjamin F. Dunning, George E. Sterry.

All of which is respectfully submitted.

By order of Committee.

CALVIN W. STEWART,

Chairman

## STATEMENT OF RECEIPTS

BY THE

# Board of the Church Erection Fund,

In the list of Contributions from Churches signs are used as follows:

- † Indicates that the contribution being 10 per cent. of the grant received by the Church, is made under the Minute of the Assembly of 1888 in reference to such contributions.
  - ‡ Refers to the list of Repayments on Church Mortgages.
  - * Refers to the list of Special Donations to Churches.
  - & Refers to list of Contributions to Manse Fund.

#### DESIGN No. 1.

PRESBYTERIAN CHURCH, BRISTOL, PA.

As this is the semi-centennial year of the Board we give above a picture of one of the three churches to which grants were made at the first regular meeting of the Board—the Church at Bristol, Pa. The church is a substantial brick edifice, now nearly fifty years old, but still commodious, comfortable and homelike. The church was organized in 1844, and has had seven pastors in the following succession: Revs. James M. Harlow, Franklin D. Harris, Alfred Taylor, Henry F. Lee, Jacob Weidman, J. H. M. Knox, D.D., and Edward P. Shields, D.D., the present minister. The edifice was enlarged and improved 20 years ago. It is interesting to the Board and we think it will be to our readers to know that the Board, after having been privileged to aid more than 5,000 churches, can still point to the building to which its first contributions were sent, and see it still in constant use as the home of an active, fruitful church. In that sacred building have been gathered, first and last, more than 600 members, of whom nearly 200 remain to-day.

#### DESIGN No. 2.

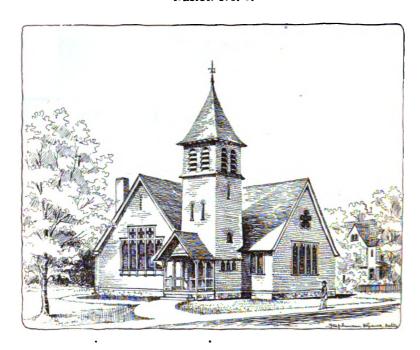

The above design for a small Presbyterian church is prepared by Messrs. L. B. Valk & Son, architects, Johnson Building, Brooklyn, N. Y.

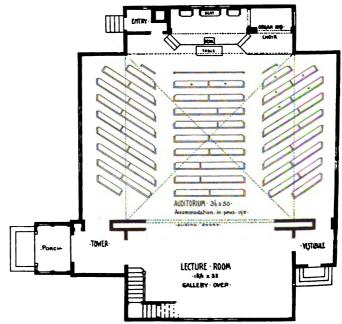

It represents a very attractive building 30 x 48 feet in size and seating 224.

It is of stone or brick up to the windows and above shingled. The interior is plastered and completed with an arched ceiling.

The cost is estimated at from \$2,800 to \$3,000.

Design No. 3.

#### DESIGN No. 3.- Continued.

TRINITY PRESBYTERIAN CHURCH, SOUTH ORANGE, N. J.

STEPHENSON & GREENE, Architects, Temple Court, New York City.

This building is of wood covered on the outside with stained shingles.

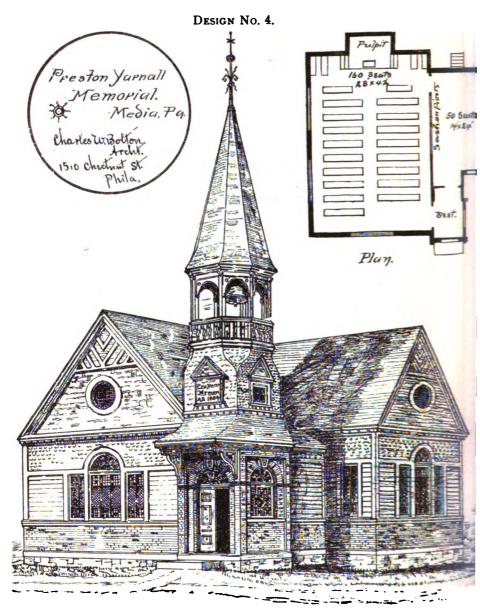

There are two entrances besides that to the pastor's room.

The lecture room is directly opposite the pulpit and so arranged that it can be made part of the auditorium by opening large sliding doors. A staircase in the lecture room leads to a gallery over it.

The pulpit platform is in a recess under a high plastered arch and there is a group of three windows, high up at the back, glazed with stained glass with symbolic designs.

The roof is open to the ridge and is carried by Georgia pine trusses with curved braces, octagonal tie-beams and turned kingposts. The ceiling is of North Carolina pine, finished natural. The walls throughout are of plaster, tinted a light terra cotta. The interior wood-work and roof trusses are stained a shade of brown. The leaded glass is in light shades of amber, with designs in opalescent.

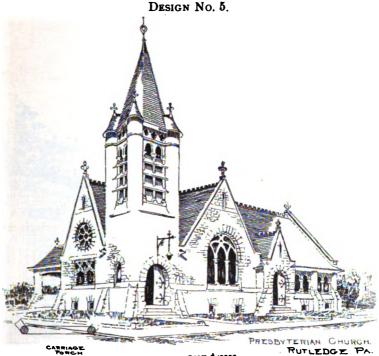

The cost of the building, including stained glass and heating, was about \$5,800.

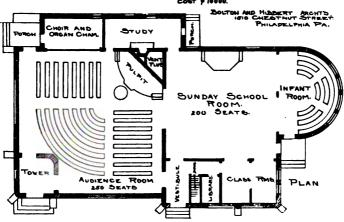

The church of which we here give a sketch is peculiarly convenient and, as we think, very tasteful in appearance. It will seat from 150 to 200, and provides a small prayer meeting room upon the side. In the original design brick or stone was to be used up to the level of the window sills, but it has frequently been built with shingles or clapboards substituted. The two rooms open into the other so easily and completely that when occasion requires they form one undivided auditorium.

This church has been built for \$2,000, and with care that sum will prove sufficient for the erection of such an one elsewhere.

Digitized by Google

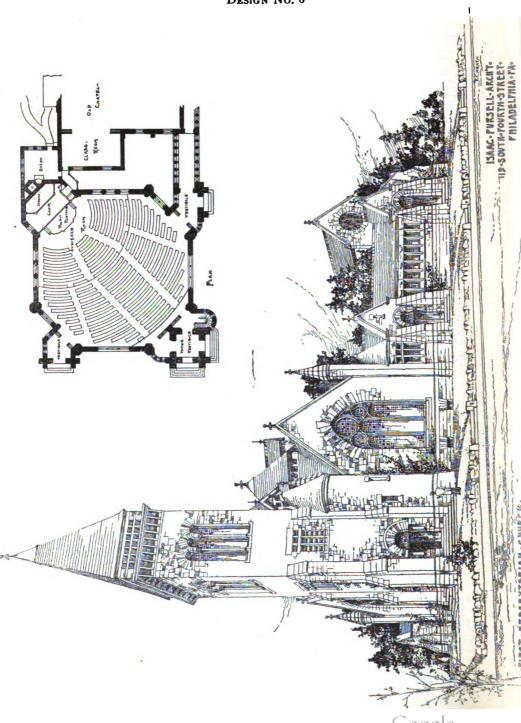

This new and original design was built at Rutledge, Penn., of gray stone, with slate roof, stained glass windows and has open timber roof. The interior finish is in the natural wood, oiled. The building is thoroughly heated and ventilated by the Smead Wills system. The cost, complete, was \$10,000. The rooms can all be thrown together when desired. The basement is 10 ft. high and has ample space for kitchen and dining rooms.

The architects were Bolton & Hibbert, 1510 Chestnut Street, Philadelphia.

#### ACTION OF THE GENERAL ASSEMBLY.

AT WASHINGTON, D. C., MAY 20th, 1893.

The Report of the Board of Ministerial Relief, and the manuscript volume of its Minutes for the year ending April 1st, 1893, were presented to the General Assembly at Washington, May, 1893. These were referred to the Assembly's Standing Committee on Ministerial Relief, consisting of the following Commissioners:—

Ministers.—Charles L. Thompson, D. D., Chairman, David Gregg, D. D., Wm. R. Taylor, D. D., A. B. Goodale, M. D., C. W. Wyckoff, H. H. Van Vranken, Anthony C. Junkin, Edward Haymaker, Wm. M. Robinson, Wm. S. Jerome, James S. Black.

Elders.—Wm. A. Eudaly, R. S. T. Cissell, Wm. H. Bratton, Daniel Cook, N. S. Harding, Alsop S. Corwin, E. Dwight Loomis, George M. Baker, Washington E. Long, Arthur F. Chamberlain.

The Standing Committee on Ministerial Relief presented its Report, which was read, received and, after an address by Rev. W. C. Cattell, D. D., Secretary of the Board, was adopted as follows:

The Committee on Ministerial Relief respectfully report that the Annual Report of the Board, together with the "Book of Minutes" of the year, from the 1st of April, 1892, to the 1st of April, 1893, has been placed in our hands. We find the minutes have been neatly and accurately kept and we recommend their approval.

We have pleasure in calling the attention of the Assembly again to the work of this very important Board. It is a Board that has no enemies, though it may be said to have too many luke-warm friends, and yet it should at peal, at least, to all the ministry of our Church with unabated interest. There are few of us who, either through our personal experience or our friendships, may not have cause to look kindly upon the work of this Board. It lies, therefore, deservedly near the heart of the Church. Civilization may be fairly measured by the care it gives to the weak and the unfortunate. The barbarity of Rome

was in nothing more conspicuous than in its treatment of the aged and infirm whom it was wont to push aside to make room for the activities of the strong and the prosperous. The genius of the Gospel in nothing comes out more grandly than in its regard for that which is the least, and surely the genius of our Church will in nothing be more Christ-like than in its constant, tender and watchful care of the welfare of its veterans. however, be said that whatever we may have done in the past in this regard we need to advance in this grace also. Our country very wisely provides for its worn-out soldiers. There is sometimes complaint that it has such a good reputation in this regard that its shield is sometimes unworthily sought. The Presbyterian Church has never put a premium on old age and infirmity in the ministry. The small amount we give to our venerable servants is not large enough to tempt to any dishonesty in the applications. The report shows that the average of appropriation to each family is only \$211. This, indeed, is an increase, over the average amount of ten years ago, of \$34 per family, but still how inadequate is such provision for the wants of those families, many of whom are almost entirely dependent upon this source for their maintenance. Your Committee believes that our Church can well afford to make still more generous appropriations for those who have so well earned those appropriations by years of faithful and poorly paid service. In this connection it is with pleasure that we again call attention to the new rule of the Assembly, adopted a few years ago, which provides that "every honorably retired minister over seventy years of age, who is in need, and who has served our Church as a missionary of the Home or Foreign Board, or as a pastor or stated supply, for a period in the aggregate of not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbytery."

The delicate advantages of this plan are very evident, and that they are highly appreciated by those for whom it has been devised is manifest from the increasing number who are ready to avail themselves of it. There are now upon the roll of the Board seventy-six ministers under this new rule. The maximum sum paid them is \$300 annually, and fifty-seven out of this seventy-six of these venerable men have certified their need of this sum for their support in their helpless old age, and others are content

with less. The number of families under the care of the Board is larger now than at any time in the past. The appropriations of the past year have reached \$152,492. These appropriations have all been promptly met, partly from the gifts of the churches, Sabbath-schools and individuals, (which during the past year, amounted to \$99,278,) and partly from the interest on the invested funds of the Board. It should be said, however, that the increase in the revenue of the Board enabling them to meet all their payments promptly, has come, not from churches and Sabbath Schools, but from the gifts of generous individuals and from the interest of the Permanent Fund. The contributions from churches and Sabbath-schools have decreased by \$5,030. It is a good thing that there is so large a Permanent Fund, the result chiefly, of the great Centennial Offering. It is hoped that this Fund will constantly grow, that the minds of generous givers throughout our Church will turn to it as one of the great opportunities for serving the Redeemer. But the steady increase in the number of those requiring aid of this Board, and the need of doing better for them in the future than we have done in the past, make it apparent that the collections ought also to increase. At last all the causes of of benevolence in our church must depend upon the living givers, upon the stream of steady offerings coming from our Church members. It will be a sad day for us when we shall come to rely upon endowments, either for churches or for the relief of our worn out servants. Three thousand five hundred and eightyone churches made no contribution to this Board during the Surely it cannot be that more than one-half of our churches have no interest in a cause whose appeal to us is emphasized by the most sacred and tender considerations that can gather about any cause of beneficence! We suspect that many of our churches have allowed this cause to pass by without consideration, because they have believed it would be cared for by large contributions and that in the account the small gifts of feeble churches would not be missed. But even small contributions from all the churches would not only meet the present demands upon the Board, but put the Board in a position to give more adequately and so more worthily to those who are dependent upon it. And besides, every church owes it to itself to remember the Board of Ministerial Relief. The Assembly perhaps scarcely needs to be reminded of the Ministers' House at Perth Amboy, the quiet and beautiful home which it affords for the worn-out veterans. The sacred shelter of that rest into which it invites them for a little ere their sun goes down is one of the most beautiful illustrations of the tender care of the Church of her own. Frequent visits to it are made by the Secretary of the Board and by other members, some of whom take an unfailing and watchful interest in it, which they have found to come back in abundant blessings to themselves.

Your Committee recommends the following resolutions for adoption:

Resolved, 1. That the churches be urged to more generous and more general contributions to this cause, and that the attention, especially of the non-giving churches, be called to it, in the hope that they will fall into a line which is hardly more useful to the work it is meant to advance than it is fruitful in blessings to itself.

Resolved, 2. That the attention of the ruling elders of the Church be especially called to this work, and that they be asked by some systematic plan to increase the intelligence of the people as to the operations and needs of this Board. The distribution of documents, which can be obtained in any number at the office of the Board, will be found the most efficient means of increasing the interest of the people.

Resolved, 3. We recommend the reelection as members of the Board of the Rev. John A. Liggett, D. D., the Rev. J. Henry Sharpe, D. D., Robert C. Ogden, Esq., and the Hon. John Scott, whose terms of service expire at this time.

#### ANNUAL REPORT

TO THE

## GENERAL ASSEMBLY.

OF

## MAY, 1893.

THE PRESEYTERIAN BOARD OF RELIEF FOR DISABLED MINISTERS, AND THE WIDOWS AND ORPHANS OF DECEASED MINISTERS, respectfully presents to THE GENERAL ASSEMBLY its Thirty-eighth Annual Report. The Book of Minutes, containing the proceedings of the Board for the year from April 1, 1892 to April 1, 1893, is also herewith presented.

#### THE ROLL.

The number on the Roll of the Board to whom remittances were sent upon the recommendation of the Presbyteries during the year from April 1, 1892 to April 1, 1893, was 694: that is, ministers, 276; widows of ministers, 389; orphan families, 26; two women who have given themselves to missionary work under the care of the Foreign or Home Boards "for a period of not less than five years" (see printed minutes of the General Assembly, 1888, page 33), and one widow of a Medical Missionary (see printed minutes 1889, page 32). The number provided for at the Ministers' House at Perth Amboy, N. J., in lieu of receiving a remittance in money, was 28, making upon the Roll of the Board during the past year a total of 722 names, an increase of 22 over last year. The Presbyterial recommendations in their behalf came from 176 Presbyteries.

Upon the recommendations of the Presbyteries there were placed upon the Roll during the past year 94 new names—42 ministers and 52 widows.

Fifty-one names have been removed from the Roll by death—37 ministers, 13 widows and 1 orphan. The withdrawal, from our roll of other names (owing to a change in pecuniary circumstances or restored health rendering further aid no longer necessary), and the failure of some "renewals" by the Presbyteries

to reach the Board before the close of the year, make the number of persons actually upon the Roll, recommended by the Presbyteries and receiving a remittance in money or in lieu thereof a residence at Perth Amboy, as given above, 722.

It should be borne in mind that in the great majority of cases the name upon the roll of the Board represents more than one person. The "family" to whom the remittance is sent is sometimes composed of an aged couple; or of a minister laid aside in the midst of his usefulness by protracted sickness, with a wife and children to support; or of the widow of a minister needing help for her dependent children as well as for herself. There are therefore very many more than 722 persons who share in these appropriations.

There are now upon the roll of the Board 76 ministers who have applied for aid under the new rule of the Assembly which provides that: "Every honorably retired minister over 70 years of age, who is in need and who has served our church as a missionary of the Home or Foreign Board or as a pastor or stated supply for a period in the aggregate of not less than 30 years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support, without the necessity of being annually recommended therefor by the Presbytery."

The maximum sum to be paid by the Board upon such application duly certified by the Stated Clerk of Presbytery, was fixed by the Assembly at \$300, and fifty-seven out of these seventy six venerable men have certified to the Presbytery that they were in need of this sum annually for their support in their helpless old age.* The others applied for sums ranging from one hundred and fifty to two hundred and fifty dollars. The entire annual sum appropriated to these seventy-six aged ministers amounted to \$20,700, an average of a little more than \$272 to each family. The oldest of them is in his ninety-fourth year; thirty-five are over eighty. The average age is over 78, and the average number of years spent in the ministry is nearly 49.

^{*}Blank forms for this Application under the New Rule may be had on application to the office of the Board. The General Assembly has made it the duty of the Stated Clerk of Presbytery in forwarding these Applications to the Board—"with his endorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each,"—to "certify also that the same has been reported to Presbytery and is recorded upon its minutes." See minutes of the Assembly, 1891, page 44.

During the four years in which this New Rule of the Assembly has been in operation, the whole number of ministers enrolled upon this list is 107. Thirty-one have been called to their reward on high, leaving the present number as given above, viz., seventy-six.

# THE MINISTERS' HOUSE.

The number of guests admitted to the Ministers' House at Perth Amboy, upon the recommendation of the Presbyteries, was twenty-eight. There have been in addition to these a number during the year who have resided temporarily at The House at their own charges, while recuperating their health. So long as there may be rooms not wanted by those for whom The House is especially designed, the advantages of this home are offered to ministers who may need its quiet and rest, but who do not wish to be a charge to the Church.*

Naturally the days pass quietly away in such a family, with but little of interest to chronicle for the outside world. was however a pleasing event last year which, of special interest to the home circle, can scarcely fail to have a touching interest for the whole Church. Of the nine octogenarians in the present family at the Home, five were born in 1812, and therefore all reached four score years of age during the year 1892. Upon the birthday of the youngest of the five, December 20th, these veterans, with the Secretary of the Board, held appropriate exercises—dining together and holding a "symposium" in the afternoon where each one gave an account of his ministry. the evening there was a gathering of the entire family in the large parlors where each one of these octogenarians took some part in the devotional exercises. One of the number who signs himself "The Youngest of the Five," gave a brief account of the day in a communication to the Mid-Continent last January. He refers to the "sumptuous dinner" provided on the occasion and says "we were almost overwhelmed with congratulations and beautiful mementos and a profusion of the choicest fruits and flowers. Our excellent Superintendent doesn't do things by

^{*}The Board have so often called the attention of the Assembly to this Home for the aged servants of the Church that, for general information upon the subject, they beg leave to refer to their Annual Reports, and especially to the lextended notice of The House which appeared in The Church at Home and Abroad, which has been reprinted in pamphlet form and can be had upon application at the office of the Board.

halves. The five aggregated 400 years in age and about 240 years in professional labor for the Master in his Church." The Editor, in a note introducing this communication "from one of the very aged servants of the Church whose days in his honorable retirement are thus made glad," adds: "It cheers the hearts of all to think of this bountiful and just provision for the comfort of the veterans."*

During the past year one of the guests of the House died at the advanced age of ninety-nine years and three months. This venerable servant of the Church had out-lived all the members of his family and had no near relatives or friends to care for him. But in the congenial society of the honored guests of the House where since 1885 he had made his home, and cared for personally by the faithful Superintendent with unwearied and tender ministrations, his last years were passed not only free from all anxiety and care, but in the enjoyment of every comfort that an aged father could have in the home of any one of his own children.

This case forcibly shows the need of such a Home for the aged servants of the Church. The large proportion of those under the care of the Board must obviously be assisted in their own homes, or in the homes of their children or friends. But there are honored servants of the Church who, though they have not reached the age of this patriarch, have outlived, like him, not only the members of their own family, but all those who knew them in their youth and riper years; they have no friends to take the charge of their maintenance and they could not among strangers enjoy the comfort and receive the affectionate care which very aged persons ought to have and which a grateful church owes to its faithful wornout ministers. For such of them as are extremely aged, the homeless and helpless, such a place as The Ministers' House is eminently desirable.

# THE TREASURY.

As the number of families upon the roll of the Board during the past year has been the largest in its history, the total of appropriations has naturally been larger than in any previous year—amounting to \$152,492.37. Ten years ago the amount dis-

^{*}An account of this "Birthday Celebration," given in The Church at Home and Abroad of last March, is appended to this Report.

\$88,002.06, an average appropriation of \$177 to each family. Last year the average was \$211. The much larger number upon the roll last year (722) is due partly to the growth of the Church, but still more to the awakened interest of the Presbyteries in seeking out and recommending to the Board for aid many families who had long needed it and who had a just claim upon its treasury but were reluctant to make application; and it is a cause for devout thankfulness that the Board, in response to the increased applications of Presbyteries, were enabled to send promptly and in full, every appropriation asked for that came within the lines of administration laid down for the Board by the General Assembly.

But this gratifying announcement could not be made were it not for the large increase in the amount of interest now derived from the permanent fund of the Board. Ten years ago the revenue of the Board from this source was \$15,002.60; last year it was \$63,766. The contributions have not proportionately increased. In fact, last year, although there was a slight increase (\$464) in the amount of individual contributions for current expense, the collections from the churches and Sabbath Schools fell off \$5,030 from those of the previous year. They were even below those of the Centennial year, 1888, when the Churches were engaged in the special efforts to enlarge our permanent fund; and the danger feared by many and often referred to in the reports of the Board—that the permanent fund may weaken the sense of obligation on the part of the churches to make annual contributions to the Board-should be renewedly emphasized by the Assembly.

Special attention should also be called to the fact that while the total receipts of the Board for current expenses was the largest in its history, the result of the operations of the year, as will be seen from the Treasurer's statement, is really a slight "balance" on the wrong side—that is to say, if the Board had commenced the year with nothing in the Treasury, they would have reported to the Assembly the sum of \$156. as a debt. But for several years past the Board have come to the Assembly with a large balance in the Treasury, which has been of great service during the Summer months when the contributions come in slowly while the demands upon our Treasury are large. At the General Assembly last year in Port-

land the balance reported was \$24,063; this year it is reduced by the \$156 above referred to; but there is yet left in the Treasury \$23,907 to help tide the Board over the Summer months. Ordinarily the large balance which the Board have reported to the Assembly since 1887 (when, from \$5,685 the year before, it rose to \$21,389 and the next year to \$26,142) is entirely exhausted before the September appropriations are reached, and in order to pay promptly and in full the appropriations asked for by the Presbyteries during the Fall months, the Board are obliged to borrow temporarily from the funds in the Treasury awaiting permanent investment. In fact the whole amount in the Treasury is gone in some years before the Summer months are reached—before even the meeting of the Assembly in May, to which the large balance is reported !*

# COMPARATIVE TABLES.

The following statement gives the receipts for current use last year and that of the year previous:

				1891-92	1892-93
(1)	Contrib	outions	from Churches and Sabbath-schools	\$92,026 47	<b>\$86,9</b> 96 19
(2)	Contrib	outions	from Individuals	11,817 65	12,282 62
(3)	Interes	t from	Permanent Fund	56,744 22	63,766 25
(4)	"	••	Deposits in Bank	88o 97	* 503 95
(5)	**	**	Special Funds held by the Synod of Ohio	D	
	and	other	Trustees	245 12	245 12
				\$161.714 43	\$163,794 13

The usual comparative tables prepared by order of the Assembly will be found on pages 45-47. These show (1) the amount of the "collections" paid into the Treasury by each Presbytery, (2) the amount drawn out for the ministers, widows and orphans within its bounds, and "recommended" by it to the Board and (3) the number of contributing and non-contributing churches. It will be noticed that, as in previous years, more than one-half of the churches upon the roll of the Assembly are contributing nothing whatever to our Treasury—in fact the number of "delinquent" churches last year exceeded by 29 those of the previous year! The detailed statement on pages 22-40

^{*}Such has been the case the present year. When the appropriations at the May meeting of the Board were voted, not only was this balance of \$23,907 entirely exhausted but we were obliged to borrow nearly a thousand dollars temporarily from funds in the Treasury "awaiting investment." We therefore begin the Summer months this year with a debt of a thousand dollars, for, of course, this sum must be returned to the Permanent Fund out of the receipts for current expenses.

gives, by Synods and Presbyteries, the names of the churches which did contribute and the amount sent by each church. A careful examination of these lists will show that many churches, which are comparatively feeble, have not forgotten to contribute to this sacred cause and, in many instances, most generously in proportion to their means; but it will be a painful surprise to many, that the names of some large and able churches are not to be found in this list and that the amount sent by some churches is so disproportionate to their ability to give.

It should be stated, however, that the amount of contributions for the current expenses of the Board, received by the Treasurer from the churches, Sabbath-schools and individuals, (\$99,278.81) does not fully represent the gifts from the Church to the cause of Ministerial Relief during the past year. should be added the estimated value (\$6,950) of the boxes of clothing, &c. (see page 19), sent during the year by the Ladies' Societies to families upon our roll and also the gifts (\$16,586, see page 44) to our Permanent Fund. These make a total of \$122,814, representing what the Presbyterian Church has given towards the support of its disabled ministers and their dependent families through this Board during the past year. Adding the amount from legacies and the interest from the Permanent Fund, bank balances, etc., the total receipts of the Board last year were \$269,743.55. This is the largest in its history except when the Centennial offerings were placed in our Treasury.

The report of the Board to the General Assembly aims to give the statistics of the year and the facts bearing upon our work, rather than to enlarge upon the sacredness and importance of the The Assembly needs no argument or appeals from us on behalf of the tender and sacred work they have placed in our hands, and the cause of Ministerial Relief is also dear to the hearts of all of God's people. But for obvious reasons, it is easily lost sight of by them. The practical question for the Assembly is, how can this cause be kept before the people so that it may have a permanent place in their hearts and in their prayers, and thus receive a proportionate share of their contributions to the benevolent schemes of the Church? The Board has no Field Secretary or paid agents to visit the churches, nor is there any such auxiliary help as Women's Boards to keep the people informed of our work and by the canvass of the congregation to afford every one an opportunity of contributing to our treasury. We must depend

absolutely upon the pastor and elders taking such measures as will make the collection for Ministerial Relief fairly represent the ability of the congregation to give. This involves something more than preaching upon the subject—as the Assembly has enjoined upon every pastor to do. The "Circulars of Information" issued by the Board should be placed in the hands of every family, and if there cannot be found some elder in every congregation to aid his pastor or relieve him entirely of such an addition to his work (as the Assembly has recommended) the session cannot fail to find among the women of the church some one whose heart God has touched with a special interest for His sick and aged servants, and who will undertake this work under their direction. The Board will gladly supply all the printed material that may be needed—our own Circulars or those prepared by others for special use in their own neighborhood, but which are of general interest and have therefore been reprinted by us for more One of these, prepared by a committee of extended circulation. laymen, has reached us as the year is closing. It is a most admirable presentation of the subject by the Outlook Committee of the Presbyterian Social Union of Philadelphia, which directed the paper to be placed in our hands for such use as we might be able to make of it. It is appended to this report, and copies in any number for distribution may be had on application at the office of the Board.

# LADIES' AID SOCIETIES.

For a list of these Societies sending boxes to the families upon our roll, see page 18. The estimated value of these is \$6,950.21. The estimated value of the boxes sent last year was \$4,727.88.

# LEGACIES AND PERMANENT FUND.

During the past year \$84,789.32 were received by the Board in legacies, a detailed statement of which is given on page 44.

This is the largest amount ever received by the Board from bequests in any one year, although in 1890 it was \$80,024.53. For the last ten years the average is \$30,270.45. All legacies, unless otherwise directed by the testators, are placed in the Permanent Fund, the annual interest of which only is used for the current expenses of the Board. This fund was further increased during the last year by gifts from individuals amounting to

\$16,586.00. The list of these donors is given on page 44 and it will be noticed that there are two very large gifts—one of \$5,000 and one of \$10,000.

From the legacies and donations and \$74.75 of miscellaneous receipts (see page 44) received during last year (a total of \$105,949.42) the Permanent Fund now amounts to \$1,304,872.53, of which \$1,022,089.21 are held by the Board, and \$282,783.32 by the Trustees of the General Assembly in trust for the Board. From this amount should be deducted the sum of \$28,038.02 upon which the Board pays interest during the lives of the donors.

The term of service of the following members of the Board expires with the present Assembly: Rev. John A. Liggett, D. D., Rev. J. Henry Sharpe, D. D., Robert C. Ogden, Esq., and Hon. John Scott.

Respectfully submitted on behalf of the Board,

WILLIAM C. CATTELL,

Corresponding Secretary.

May 4, 1803.

# REPORT OF THE OUTLOOK COMMITTEE OF THE PRESBYTERIAN SOCIAL UNION OF PHILADA. MADE AT THEIR MARCH MEETING, 1893.

THE idea of affording aid and relief to indigent ministers, who have become disabled in the service of the Master, in connection with the Presbyterian Church, is older than the old Presbytery of Philadelphia. Its development, we regret to say, has always been slow; nevertheless, substantial progress has been made. It does seem that the people of God should be touched by a special interest for His sick and aged servants, who, when in health and strength, gave their talents and best efforts to the upbuilding of Christ's kingdom on earth, to disseminating the written Word, and to elevating mankind, for which, so far as this world's goods are concerned, those laboring in missionary fields or in the poorer churches were barely afforded a livelihood. The apathy of the lay members in respect to this matter is, in the opinion of this Committee, largely due to want of information, and to a lack of systematic effort to bring about a result so much desired by all well-minded Christian people. If the people were instructed as they should be, and the proper facilities were afforded them for making their contributions, we believe that the response would be prompt, hearty and generous.

The Board was formally organized by the Old School Branch of our Church in 1849, and by the New School Branch in 1864. These were consolidated at the reunion in 1870, and were constituted a Board by the direction of the General Assembly. In 1876 a charter was obtained and at the meeting of the next General Assembly, in 1877, twelve directors were elected, from which time the fund has been administered by corporate authority under the supervision of the General Assembly, and at a cost in the later years of little more than six per cent. of the amount distributed.

The restrictions and safeguards adopted, and the deliverances of the General Assembly with reference to the distribution of the fund, are such as to guarantee an honest, faithful and just administration of the same. For example: The Assembly has declared that no appropriations can be made to ministers simply because they are poor, but they must be disabled by disease or the infirmities of age to the extent that they are unable to follow some suitable employment; no minister who has voluntarily while in health left the ministry for some secular employment can afterwards become a beneficiary; no appropriation can be made to a widow of a minister who has children able to give her support; and the term "orphans" (who have become beneficiaries) is defined to mean those under the age at which they are able to earn their own living. Every honorably retired minister over seventy years of age, who is in need and who has served the Church as pastor or missionary for a period of not less than thirty years, may, upon the facts being properly certified by his Presbytery to the Board, receive an annuity not exceeding \$300; but applications for the relief of other ministers, or of widows and orphans, are made by the Presby tery to which the applicant belongs, and, if approved by the Board, the appropriation is voted for one year only. If further relief is desired the application must be renewed in like manner. We, therefore, have every assurance that our contributions to this sacred fund will not be unworthily expended.

The growth of the Church and the advancing age of its ministry naturally increase the calls upon the fund, but we regret to say that there has been a falling off in the past three or four years in the contributions of the churches to the fund. Efforts have been made from time to time, by both preaching and ruling elders, to encourage more liberal contributions, bequests, and donations for the fund, not without beneficial effect; but there is still much room for improvement. The General Assembly (Minneapolis, 1886) adopted a resolution instructing the ministers of our Church to present the cause of ministerial relief in a sermon to their respective churches on the first Sabbath in September of each year, or soon thereafter, and to take a collection for the purpose of the Board of Ministerial Relief. In that resolution each Session was urged to select an elder to assist the pastor in presenting the cause to the people on the occasion of the annual sermon and collection. regretted that more than one-half of the ministers of the Church did not heed the instructions of its highest judicatory. The minister should not only feel it to be his duty, but also his privilege, to press this object upon the hearts and consciences of his people. It is Christian, it is scriptural, it is manly, and last, but not least, it is charitable for ministers to sympathize deeply with those of their own calling who have broken down in the service of the Church and the great Head of the Church. As a matter of equity and justice, the Church should support its needy, sick, and aged pastors and missionaries. Board of Relief was not instituted to dispense charity, but as an agency through which the Church can discharge its Christian obligation of support to those who have become disabled in its service. It is well known that missionaries and pastors of the poorer churches receive during health and service barely enough to meet actual living expenses, and, therefore, can have nothing in reserve to meet living expenses in case of disability. It seems like a stretch of imagination for a minister to assume that selfish motives would be imputed to him if he should present to his congregation the objects, purposes, and needs of the Board of Ministerial Relief. In the opinion of the Committee, it will not do for the preaching elders to dismiss this all-important subject by saying that it more properly belongs to the ruling elders, who seldom take any aggressive or progressive step without the guidance and co-operation of the Moderator. The effort made in 1887, to raise a centennial fund of \$1,000,-000, for the endowment of the Board of Relief, was in part successful. But such an endowment fund, together with the scanty contributions of the churches, would be inadequate to meet the demands on the Board. . . .

It is practically impossible to reduce the number of beneficiaries, and for want of funds the Board is obliged to reduce the appropriation to an almost beggarly sum. There isbut one remedy, and that is an increase of the current contributions. While the endowment fund is good as far as it goes, there is no good reason why it should be increased to an extent that future generations would be relieved from the Christian privilege of taking care of Christ's poor. In the opinion of the Committee, therefore, our energies should be directed towards increasing the individual and church contributions. To this end we recommend that pastors and ruling elders carry out in letter and spirit the instructions of the General Assembly, and in furtherance thereof that they organize in their respective churches ladies' ministerial relief societies. It is

too well known to require comment by this Committee that work of a character which appeals to benevolence can be prosecuted more successfully by Christian women than by men who are, as a rule, taxed to the utmost with duties in connection with their callings. If such societies were organized in connection with our several churches a plan of systematic benevolence in the interest of the relief fund could be mapped out by the Board, or by Dr. Cattell, its efficient and worthy Secretary, that would, no doubt, be generally adopted, and would prove an effectual panacea for the shortage in the fund.

As the Church already has the machinery, if properly put in motion, to raise the funds needed by the Board of Ministerial Relief, the only thing, in the opinion of the Committee, the Union can do is to help to put and keep that machinery in motion.

JOHN BIRKINBINE,
T. G. GAYLEY,
H. G. GOODRICH,
L. G. FOUSE,
CHAS. B. ADAMSON.

Outlook Committee.

From The Church at Home and Abroad, March, 1893.

# A BIRTH-DAY CELEBRATION AT THE MINISTERS' HOUSE, PERTH AMBOY, N. J.

A recent number of the *Mid-Continent* contains a letter from one of the aged ministers at the Home in Perth Amboy, which, with the editorial note of introduction, is as follows:

### HAPPY LONGEVITY.

[The following very interesting communication addressed to the Mid-Continent from the Perth Amboy home is gladly acknowledged and published. It is from one of the very aged servants of the Church, whose days in his honorable retirement are there made glad. It cheers the hearts of all to think of this beautiful and just provision for the comfort of the veterans. Our readers would be touched could they see the tremulous hand writing of the letter.—ED.]

In the present family in the Presbyterian Ministers' Home, at Perth Amboy, N. J., are nine octogenarians: seven men and two ladies. Of these seven men, five were born in 1812; consequently these five all reached four score years of age during the year 1892. The eightieth anniversary of the last and youngest of the five was celebrated on December 20th, 1892. Rev. W. C. Cattell, D. D., the Corresponding Secretary of the Board of Ministerial Relief, was present and added much to the interest of the occasion. After a sumptuous dinner, we held at 2 P. M., a most delightful symposium, and in the evening Dr. Cattell gave a charming address. The five were almost over-

whelmed with congratulations, and beautiful mementos and a profusion of the choicest fruits and flowers. Our excellent superintendent doesn't do things by halves. The five aggregated 400 years in age, and about 240 years in professional labor for the Master in his Church.

THE YOUNGEST OF THE FIVE,
A. R. N.

My honored and revered friend, the writer of this letter, has been so kind as to refer to the pleasure which the presence of the Secretary of the Board gave to these octogenarians on this memorable birth-day celebration, but what shall I say of the delight which the visit gave to the Secretary? Certainly it was a great privilege and a great joy to spend a day of such intimate fellowship with this little group of aged Ambassadors for Christ, and especially to be present at the Symposium to which the writer refers. Here were five men. "who aggregated 400 years in age," and each one of them had been a power for good to the Church and to the community in which he lived during the half century he had preached the Gospel. No one could have listened to the simple narrative of the long service of these venerable men-brief as was the account which each gave of his ministerial work-without a deepened sense of what the Church owes to such men for their long, faithful and self-denying service. But to a representative of the Board to which our Church has committed the tender and sacred duty of caring for them in their declining years, this Symposium was a veritable uplift. The small stipends of these five men, even when giving to their work the vigor of their best years, barely sufficed for the maintenance of their families from year to year; and they had been too deeply engrossed in their sacred calling to turn aside from it to make money in other ways for their support in old age. And this little group of patriarchs, now poor in this world's goods but contented and happy in The Home which a grateful and appreciative Church had provided for them for the few remaining years of their life, was really an "object lesson" to fill the hearts of God's people with gladness and a deep sense of their privilege and duty to support this Board. I do not wonder that the editor of the Mid-Continent as he read the account of this "occasion" in the "tremulous handwriting" (with which I am very familiar) of "the youngest of the five" is moved to say, "It cheers the hearts of all to think of this beautiful and just provision for the comfort of these veterans."

The memories of that delightful day are a constant inspiration for me in my work, but I cannot reproduce them here though they crowd upon me as I write these lines. The five octogenarians were grouped together at the dinner table which appeared to them so "sumptuous," with its simple adornment of fruit and flowers which loving hands had brought, and the great birth-day cake in the centre, upon whose snow-white "iceing" stood out in bold relief the date, 1812! I was honored with a seat in their midst, and never shall I forget the "table talk" of that hour; nor the scene at the close of the repast when, as all the guests of the dining room rose from their seats, one of these patriarchs, without premeditation or arrangement, broke forth in sacred song:—

"O, God! our help in ages past, Our hope for years to come"—

The old hymn, with the familiar tune, was taken up at once by his fellow octogenarians and then by all the other aged guests of The House, and the spacious dining room seemed to overflow with sacred melody as the company slowly moved out into the hall. I have heard many "processional" hymns grandly sung or chanted by robed ecclesiastics in noble churches and cathedrals, but my heart was never so deeply moved by them as it was on that day by the glad Christian song sent heavenward in the tremulous voices of the aged men and women in that "Happy harbor of God's saints." Then followed the Symposium, in the room of the writer of the letter to the Mid Continent, when the "good gray heads" were bowed in prayer, and one after the other told the story of his work for the Master and spoke of the good Hand which had led him along the path of life's pilgrimage even down to old age! Then there was the gathering in the evening to which the writer also refers. The entire family were present—including all the "helps" of the household—and each of the five patriarchs took some part in the devotional exercises.

To all this I can make only this brief reference, though the memory of it will be to me a joy and a blessed inspiration so long as I shall live.

One thing, however, I must add about the Symposium, which lasted the greater part of the afternoon. In the reminiscences which were given there was but little said about the toil and self-denial of the minister's life, though these aged men had had their full share, in missionary fields and in laborious pastorates, of what may be called a minister's trials. No; the key-note in the prayers and in every speech was the joy they had found in all their service for the Master, and grateful recognition of the thoughtful kindness of the Church in providing for them such a home in their old age. Each of them had known what it was to practice self-denial in his long and laborious ministry, and to "endure hardness as a good soldier of Jesus Christ;" but the yoke had been easy, the burden had been light, and one and all joined in the words with which the Apostle expressed his gratitude as he, too, looked back over the trials and toils of a long life spent in the service of the Master:—

I THANK CHRIST JESUS, OUR LORD, WHO HATH ENABLED ME, FOR THAT HE COUNTED ME FAITHFUL, PUTTING ME IN THE MINISTRY.

The day had been dark and lowering. A part of the time a winter's storm had raged. But I recall that, after the last prayer at the Symposium was offered and the benediction had been pronounced, we gathered at the window and looked out upon the western sky. The clouds had disappeared or were piled up here and there in golden splendor upon the distant horizon where the sun was slowly sinking to rest. The pathway of four score years over which these ministers had passed had doubtless been often storm-swept, but the sunset hour of their lives was as beautiful and tranquil as the scene before us upon which the "gentleness of Heaven" seemed to rest.

# MEETINGS AND RULES OF THE BOARD.

The Board meets on the third Thursday of each month, except during July and August, when a committee, appointed by the Board, acts upon all matters requiring attention during the interim. All recommendations from the Presbyteries for aid are carefully examined by a committee of the Board, who report their conclusions at each meeting. Each case is then taken up by itself, and after a consideration of all the facts, it is decided by a vote of the Board. When the Board are unable to grant the appropriation asked for, the Chairman of the Presbyterial Committee sending the application is promptly notified, and the reasons given for the decision. The following rules, approved by the General Assembly, govern the Board in the administration of this Fund:

- 1. Only members of Presbyteries in connection with the General Assembly, and the families of those who were at their death in such connection, are entitled to aid. See note, (1) and (2).
- 2. All appropriations must be made on the recommendation of that Presbytery or of a standing Committee of that Presbytery to which the applicant, if a minister (not Honorably Retired—see note 3), belongs; if the application be for a widow or orphan children, it may be made by the Presbytery within whose bounds the family resides or by the Presbytery with which the minister was connected at the time of his death. The same rule applies to the renewal of recommendations, if aid is continued.
- 3. Appropriations are made for one year, unless otherwise ordered; and the renewals must be made from year to year. See note (3).
- 4. Applications for aid should, in case of a minister, state his age, his circumstances and the number of years he has been in the ministry; and in the case of a deceased minister's family, the application should state the circumstances of the widow, and the sex and age of the children who are dependent on her for support.
- 5. While the responsibility of recommending applicants rests with the Presbyteries, and these recommendations largely govern the action of the Board, yet there is reserved to the Board the right to appropriate according to the merits of the case and the state of the treasury.
- 6. All the appropriations are paid in advance, provided the funds of the Board will allow; when the appropriation is at the rate of more than one hundred and fifty dollars per annum, it is paid in two equal instalments, semiannually in advance.
- 7. Applications for admission to the Presbyterian Ministers' House, at Perth Amboy, N. J., are to be made in accordance with these rules. Any guest of the House who, in the judgment of the Superintendent, may be a hindrance to its usefulness and to the comfort of the other guests, shall be reported by her to the committee in charge, who shall have power, after an investigation of all the circumstances, to recommend to the Board an appropriation in money for the support of such guest, in lieu of a residence at the House.

NOTE.—(1) The General Assembly of 1885 directed "That women who have given themselves to the Missionary Work be placed on the roll for the benefactions of this Board, upon the same conditions as ministers." The Assembly of 1888 modified this rule by adding "after five years of actual service under the care of either the Home or the Foreign Board." (2) The Assembly of 1889 directed "as the best method for the present for supplying a felt need" that the names of "regularly appointed lay-Mission aries of the Foreign Board" shall also be placed upon the roll of the Board. (3) The same Assembly also directed that "every honorably retired minister over seventy years of age, who is in need, and who has served our Church as a missionary of the Home or Foreign Board, or as a pastor, or stated supply, for a period in the aggregate not less than thirty years, shall be entitled by such service to draw from the Board of Ministerial Relief an annual sum for his support without the necessity of being annually recommended therefor by the Presbytery." The Assembly further provided that "when such a minister shall certify to the Presbytery the fact and amount of his need, not exceeding \$300 per annum, it shall be the duty of the Stated Clerk to forward the application to the Board, with his endorsement thereon as to the years of service such minister has rendered, his field or fields of labor, with the term of service in each," and also to certify that "the same has been reported to the Presbytery and is recorded upon its minutes." See Minutes 1891, page 44.

# TWENTY-EIGHTH ANNUAL REPORT

Board of Missions for Freedmen.

OF THE-

Of the Presbyterian Church in the United States of America.

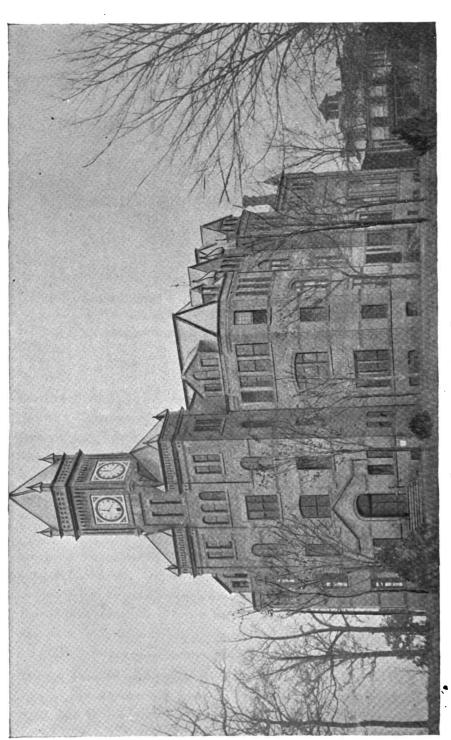

To the General Assembly of the Presbyterian Church;

From March 31st, 1892, to April 1st, 1893.

THE BOARD OF MISSIONS FOR FREEDMEN respectfully presents to the GENERAL ASSEMBLY its TWENTY-EIGHTH ANNUAL REPORT, and in doing so, first calls attention to the great loss sustained in the death of Rev. Richard H. Allen, D. D., its late honored and efficient Corresponding Secretary. Dr. Allen departed this life on Tuesday, September 27th, 1892, in the 71st year of his age, and in the thirteenth year of his service in connection with the Board.

His general health had been failing for almost a year before he was permanently laid aside from active duty. He laid down his work at his Master's bidding, sustained with the Christian's hopes as to the other life, and comforted with the assurance that though called to rest from his earthly labors, the influence of what he was permitted to do on earth, would continue to the end of time.

He was loved by the people to whose uplifting he gave the last twelve years of his life, and with them his memory will be embalmed with all their hearts can give—their process and their tears.

The Board adopted the following minute with reference to Dr. Allen's death:

WHEREAS, Our Heavenly Father in His infinite wisdom has taken from our midst the Rev. Richard H. Allen, D. D., our loved and honored Secretary;

. Whereas, He has discharged the duties of his office in the last twelve years with marked ability and fidelity, therefore be it

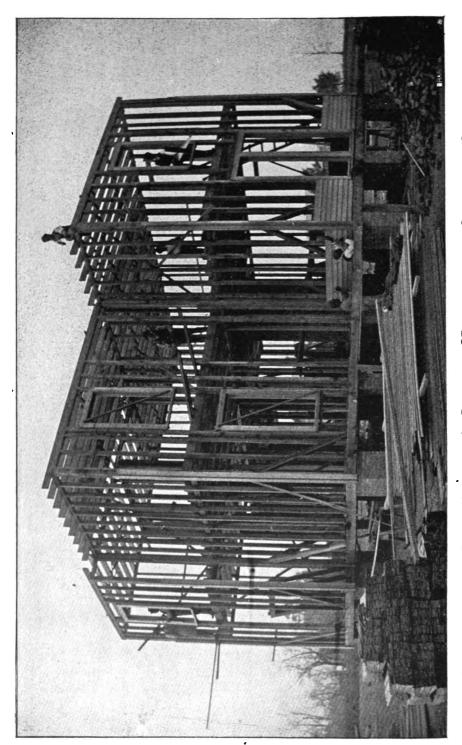

Resolved, That in his death we have lost a revered friend, and a wise and prudent counsellor, whose training and endowments pre-eminently fitted him for the cause he so eloquently advocated before our churches and ecclesiastical meetings, and so successfully administered upon the field:

Resolved, That we record this testimony of our appreciation of his service as a true and tried friend of the Freedmen, whose departure we mourn and whose memory we shall tenderly cherish.

In May, 1865, just twenty-eight years ago, the General Assembly that was then holding its sessions in Pittsburgh, Pa., adopted the following deliverance:

Resolved, That the General Assembly recognizing and rejoicing in the Adorable Providence that has given civil liberty to nearly four millions of the enslaved African race; recognizing also that the hope of that race, not only for the world to come, but also for this world, is in the possession of the Gospel; that only by its influence can they be elevated to the proper standing of free men, and that without its influences they must still further deteriorate physically, mentally and spiritually; recognizing further, that the elevation of that people among us, is essential to the highest interests of our own race, and that of our beloved country, and is in order to the evangelization of the land of their fathers, and the consequent fulfillment of the prophecy that "Ethiopia shall stretch out her hands unto God;" in the belief also that the system of truth taught by our church and the policy established by her in church extension, are in order to the highest development of that now degraded people, hereby declares that in its judgment it is the duty of the Presbyterian Church, as patriots, as philanthropists, as Christians, at once to enter upon and vigorously to cultivate the field God has opened before them.

In line with the spirit of this utterance, the work has gone steadily forward from year to year. It began with the spending of a few thousand dollars in teaching a few unclassified groups of men, women and children, to read and write. Now nearly \$200,000 of the church's willing offerings to this great and sacred cause are

PROFESSOR'S HOUSE, BIDDLE UNIVERSITY-IN PROCESS OF ERECTION BY THE STUDENTS IN CARPENTRY.

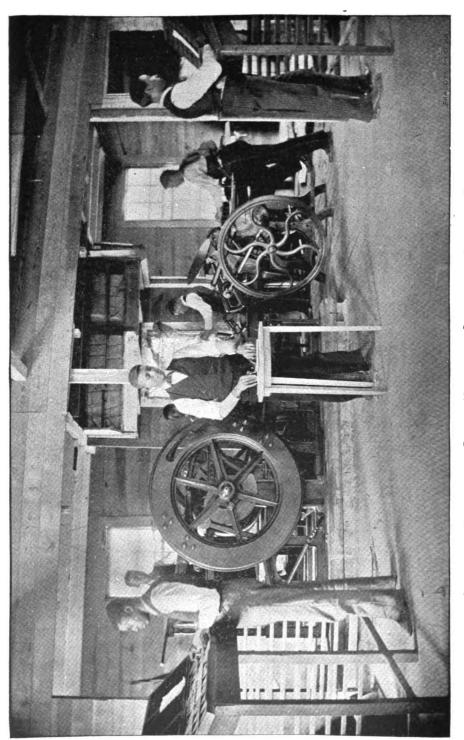

disbursed annually in building and maintaining churches, in establishing parochial schools, in planting academies and seminaries, in equipping and supporting a large and growing University. In all these centres of gospel and educational influence thousands of bright young men and women are being thoroughly drilled and trained in all that fits them for positions of usefulness and power, among a people fast rising to a true apprehension of their capacity, their opportunity, their manifest destiny.

We are fully convinced that interest in this part of our Church's missionary work is deepening and broadening. Each annual report does not show a regular and unbroken increase in the amount given from all sources, but a glance at the figures, indicating the sum totals for the last twenty-eight years, is sufficient to show that the tide is unmistakably rising. Last year there was a decided advance. This year indicates a slight recession; but on the threshold of another year, what is already in sight assures all friends of the cause, that the coming year will largely surpass any other year in the history of the work, as to the amount of money placed at the disposal of the Board.

The Treasurer's Report, submitted herewith, shows receipts for the year amounting to \$178,310.31, not including balance from last year, nor proceeds of notes outstanding; but including proceeds of sale of funds temporarly invested. The total expenditures for the year, not including payment of notes outstanding at the beginning of the year, was \$193,592.19.

The temporary investments at the beginning of the year exceeded notes outstanding by the sum of \$11,340.00, while present notes outstanding exceed temporary investments by \$12,700.00.

The amount raised and expended on the field by the Freedmen for self-support in connection with the schools and churches under our care this last year, was \$51,656.24, a very creditable showing, considering the deep poverty of many of these pious people, facing the combined hardships that came with short crops and an unusually severe winter.

Digitized by Google

The receipts	were	from	the	following	sources:
a mo a cocapas	*****	** ***		10110111115	oources.

Churches.		
Sabbath Schools	5,206	12
Women's Societies.	•	58
Individuals	10,192	83
Legacies	37,374	73

Comparing these figures with those of last year, we note a falling off in receipts from Churches, Sabbath Schools and Women's Societies, while we have received from legacies \$9,154.50 more than we received last year.

The number of churches contributing last year was 3,524, an increase over the previous year. That the amount given was less may in part be accounted for by the sickness and death of Dr. Allen early in the year, depriving us of the usual results of the earnest and effective appeals he was accustomed to make to the liberal givers in our larger and stronger churches.

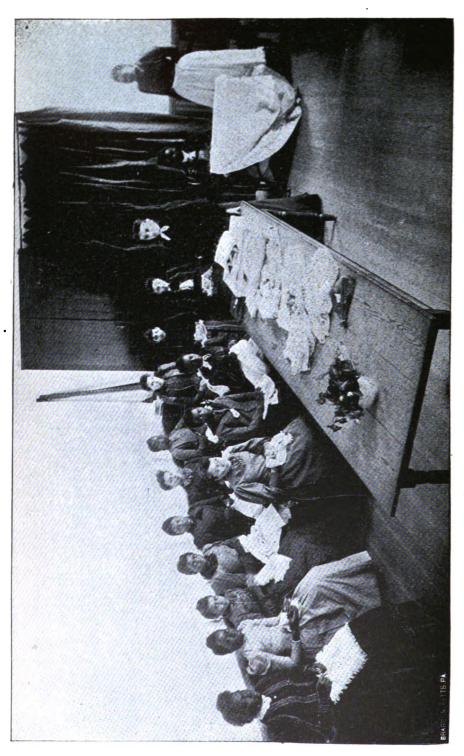

The fact, too, that the receipts from the Woman's Department have somewhat fallen behind the figures of last year, by no means indicates a lessening of interest in the work. The extra large amount that was raised for the building of Faith Hall last year at Scotia Seminary, through special effort of the ladies of Cincinnati, accounts in a measure for the decrease this year. Considered apart from this special effort, the amounts contributed this year indicate a growing interest in the work, as over one hundred more Ladies' Societies contributed to the Freedman's Department this year than last. A detailed account of this work, as outlined by Mrs. C. E. Coulter, their secretary, will be found in the appendix.

The amount expended was distributed as follows:

Field Salaries.	\$94,638	82
General Work and Scholarship	28,332	51
Real Estate and Buildings		36
Office Salaries and Expenses		31

The Treasurer's Report shows the distribution of the balance.

The Board has been notified that the cash value of its interest in the legacy of Mrs. Mary Stuart, deceased, is \$66,860.52, and that distribution will be made in May. The receipt of this sum will pay off all indebtedness and enable the Board to begin the work of the new year in excellent financial condition.

Whole number of Pupils	10,520
Whole number of Teachers	252

Rev. H. N. Payne, D. D., with his residence in Atlanta, Ga., has been supervising our work on the field for the past eight years. In his last report to the Board he writes as follows: "It is gratifying to be able to report as the result of extensive observation, that the methods of Christian work and the standards of Christian character, are steadily improving among our churches. This is owing to a variety of causes. By means of parochial and public schools, intelligence is far more generally diffused than formerly. With the progress of years the freedmen have come to recognize in a large measure the responsibilities that rest upon freemen. increasing degree they are manifesting self-restraint and self-control. The family and home life are better and purer. The general use in our Sabbath Schools of our excellent literature, has done . much to remove ignorance and superstition. A large proportion of our churches now have Women's Missionary Societies, while in many of them Young Peoples' Societies of Christian Endeavor have been formed, and are doing excellent work. Perhaps no influence has been more potent than the characters of our ministers and their wives. These have largely come from our own churches and schools, and have been from childhood subject to their influences. The result is a company of intelligent, educated, pure-

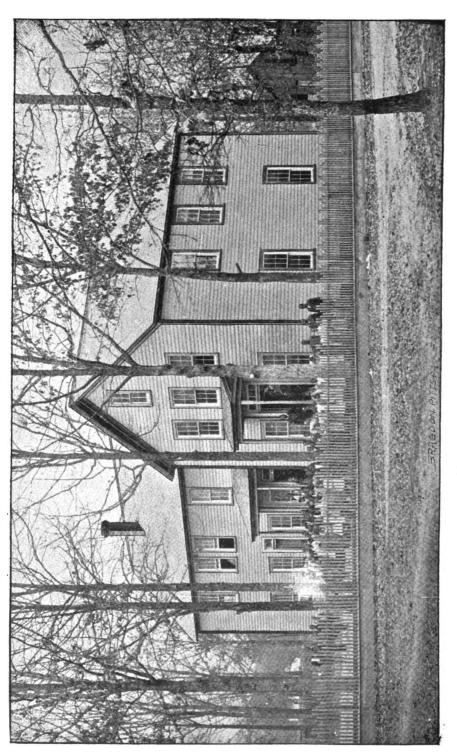

minded and earnest-hearted men and women, who would be an honor to any church."

A good sign of progress is the improvement in church buildings. This is quite marked. Old churches are being repaired, or replaced with new ones, unfinished churches are being completed, while in our new fields the churches, when they finally get them built, are usually always comfortable, sometimes tasteful and attractive. New and tasteful churches have been built at Lexington, Winston, Shelby and Henderson, N. C., and at Beaufort, S. C. Churches are under construction at Wilson and Ashville, N. C., and at Spartanburg and Anderson, S. C. It is hoped that the coming summer will see one under way in Atlanta, Ga., where it is greatly needed. One also is in process of erection at Little Rock, Ark., and another at Richmond, Va. Another is about to be built at Newnan, Ga., another at Durham, N. C. A new building is greatly needed at Fayetteville, N. C., and at Roanoke, Smithville and Newport News, Va., and a number of other places where we have only organizations, church buildings, however modest and unpretending, would bring unspeakable joy to the unsheltered and homeless flocks.

To quote again from Dr. Payne's report: "It may safely be said that better teaching has been done in all our schools than ever before in their history. In its endeavor to secure thoroughly competent teachers the Board has been very successful. Not only are our teachers generally sufficiently educated, but many of them have had training in modern methods of instruction. They have good ideals and are working to them.

"Though the need of parochial schools has grown less in some places through the establishment of efficient public schools, in other places they continue to be a necessity. It will be many years before this feature of our work can be wisely discontinued. It is from them largely that the boys and girls in our higher schools have come. It is to them chiefly that we must look for our future teachers and preachers. The work done in our parochial schools

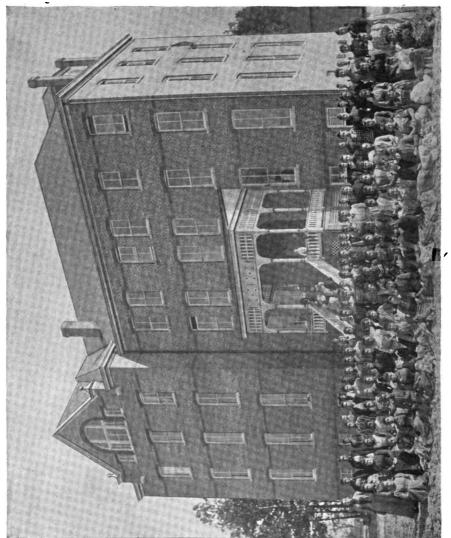

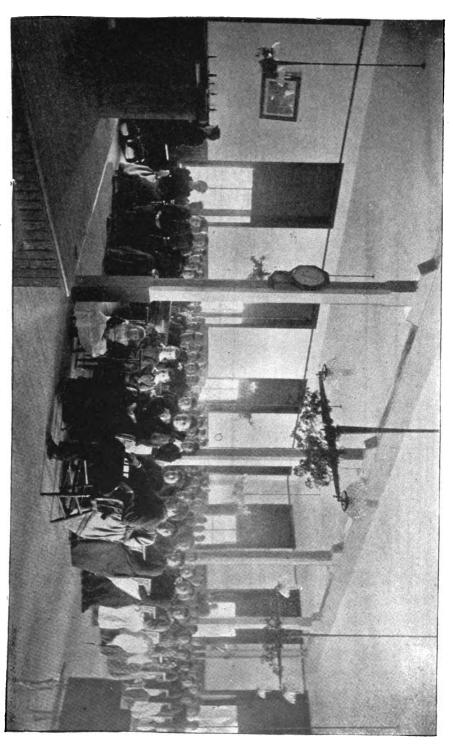

is quiet and unostentatious, but it is in most instances genuine, and is essential to the large and strong growth of our church."

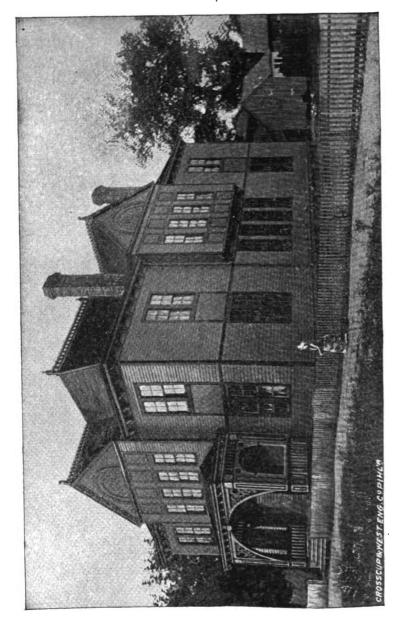

The following is a list of our fifteen boarding schools, ten of which are co-educational, four are female seminaries, and one is a college for males only.

- 1. Biddle University at Charlotte, N. C., with 11 professors and 235 students.
  - 2. Scotia Seminary at Concord, N. C., with 13 teachers and 296 students.
- 3. Mary Allen Seminary at Crockett, Tex., with 13 teachers and 226 students.
- 4. Mary Holmes Seminary at Jackson, Miss., with 11 teachers and 152 students:
- 5. Ingleside Seminary at Burkeville, Va., with 9 teachers and 102 students.
  - 6. Brainerd Institute at Chester, S. C., with 8 teachers and 371 students.
  - 7. Immanuel School at Aiken, S. C., with 8 teachers and 250 students.
- 8. Ferguson Academy at Abbeville, S. C., with 5 teachers and 144 students.
- 9. Albion Academy at Franklinton, N. C., with 4 teachers and 189 students.
- 10. Haines Industrial Institute at Augusta, Ga., with 8 teachers and 318 students.
- 11. Cotton Plant Academy at Cotton Plant, Ark., with 5 teachers and 212 students.
- 12. Richard Allen Institute at Pine Bluff, Ark., with 7 teachers and 317 students.
- 13. Monticello Academy at Monticello, Ark., with 4 teachers and 152 students.
- 14. Oak Hill Industrial School, Indian Ter., with 5 teachers and 57 students.
  - 15. Swift Memorial at Rogersville, Tenn., 4 teachers and 175 students.

In these higher schools we have a total of 3,201 students, and ith our parocial schools we have in all 10,520, who are being daily moulded under Presbyterian educational influence. Besides these we have 258 Sabbath Schools, with 19,472 scholars. In connection with Beaufort Academy, at Beaufort, S. C., where we now have 8 teachers, and 514 students, the Board has recently purchased buildings at great pecuniary advantage, in which it is proposed to open in the fall a boarding school for boys. There could be no better place chosen for such a school. The county numbers 34,000 inhabitants, and 31,500 of these are colored.

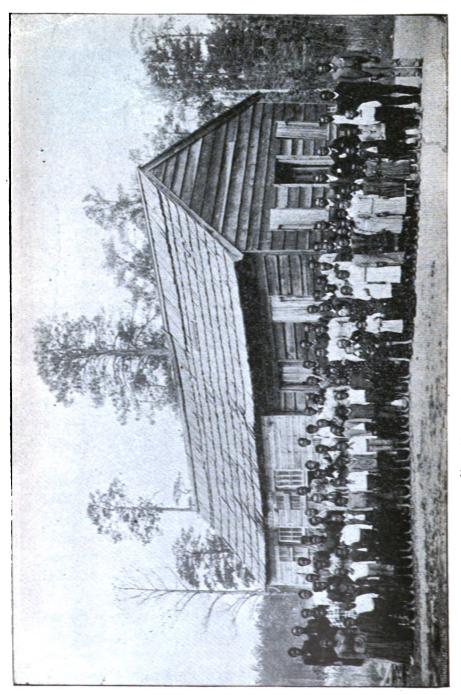

Digitized by Google

A Boys' Dormitory is to be built this summer in connection with the Oak Hill School, Indian Ter., costing \$1,200, the money having already been raised by special appeal last year, by the ladies of Indiana. This work was delayed by the death, last year, of the former principal, Mr. Jas. F. McBride, which accounts for the proportionately small number of students as compared with the number of teachers.

Of all our schools, Biddle University stands at the head. the only institution under our care in which a young man can receive a thorough college education. It has done a great and good work in the past, but its future usefulness should be secured beyond a per-adventure, by an early and generous endowment. Its eleven professors, from the President down, are all colored men save one. It is just finishing its second year under the present regime, and all friends both of the race and the college rejoice in its prosperous condition, and the signs of its growing usefulness. Such an institution cannot be carried on without money, and although the Board feels justified in annually expending the large amount it does in maintaining this institution, it will hail with joy the day when the securing of its ample endowment will enable the Board to use this released amount of its annual resources, in opening up new fields and sustaining new work.

Two large seminaries were opened for work last fall: Ingleside at Burkeville, Va., and Mary Holmes, at Jackson, Miss. Both of these institutions were of course filled to their capacity at the start. Both are already in need of enlargement. The ladies of Illinois have undertaken to build an addition to Mary Holmes at a cost of \$5,000, and Ingleside is pleading hard to be allowed to add her missing wing at a cost of \$6,000.

Before another year closes we hope to see a commodious and substantial building finished, furnished and occupied, at Rogersville, Tenn., in connection with what has been designated for some years as the Swift Memorial Institute. Fifteen thousand dollars are to be expended on the building, \$5,000 of which is appropriated from the Board's regular funds, and the other \$10,000 we hope will be

raised through the ladies societies, and from other sources. will give us a firm footing in Tennessee, and will give to the 450,-000 colored people of that State an institution alike creditable to our church, and honoring to the name of the man whose memory it will perpetuate. Friends of our work in Kentucky are earnestly asking us to plant a similar school in their midst. bama, with her nearly 700,000 negroes, is to us yet almost an un-Our duty to the race demands of us that we plant our standard somewhere in that great State. Louisiana, too, is untouched by us, and God willing, some of her 575,000 negroes must soon feel and appreciate the blessings of Presbyterian educa-With these two States occupied, we will then have a line of gospel garrisons reaching in regular succession from Virginia to Texas-from Ingleside to Mary Allen. This, however, will be but the beginning of our church's work. As the years roll on the wide intervals that lie between must be filled in with schools and The benevolence of the church must keep pace with the growth of the work. The more schools and churches we plant, the greater the annual sum needed to support and maintain them. A. quarter of a million of dollars must surely go on the field the coming year. With such an outlay, God only can tell what good may be done.

The term of service of the following members of the Board expires with the present Assembly:

REV. S. J. FISHER, D. D., JOHN C. McCombs,

REV. J. P. E. KUMLER, D. D., ROBERT S. DAVIS.

All of which is respectfully submitted,

E. P. Cowan,

REV. H. T. McClelland, D. D.,

## TREASURER'S REPORT.

First. Under "Directs" is included only money reported by ministers and teachers in the employ of the Board as sent directly to them to be used in work that the Board has authorized.

Second. Under "Amount Collected on the Field" is included only money collected to pay appropriations that the Board has made.

Third. This report does not include in any way the \$51,656.00 contributed by churches and by pupils in our schools for self-support.

AT

### WASHINGTON, D. C.

June 22d, 1893.

Rev. George L. Spinning, D. D., Chairman of the Standing Committee on Freedmen, submitted the report on the work of the Board of Missions for Freedmen, with the following recommendations, which were unanimously adopted:

Resolved, 1. That the Committee on Systematic Beneficence be requested to consider the propriety of a new pro rata division of the benevolent funds of the Church, in view of increasing the percentage assigned to the Board of Missions for Freedmen.

Resolved, 2. That the Assembly approve the request of the Board in asking \$250,000 from the churches this year.

Resolved, 3. That the Board be authorized to institute measures for raising the sum of \$400,000 for the needs of Biddle University, of which amount \$250,000 shall apply in the endowment of professors' chairs, \$100,000 in the endowment of scholarships, and \$50,000 in the erection of necessary buildings.

Resolved, 4. That the Board be authorized to employ—at its discretion—a financial agent to aid in securing the fund above mentioned.

Resolved, 5. That the officers and members of the Board of Missions for Freedmen be commended for the faithfulness and efficiency with which they have discharged their duties.

Resolved, 6. That the following members of the Board, whose term of service expires with the present Assembly, be reflected, viz.: Rev. S. J. Fisher, D. D., Rev. J. P. E. Kumler, D. D., John C. McCombs, and Robert S. Davis.

We would also report that we have examined the records of the Board, and find them well kept and in order.

Respectfully submitted,

Attest: GEORGE L. SPINNING, Chairman. WM. H. ROBERTS, Stated Clerk.

# MISSIONS AND MISSIONARIES

FOR THE YEAR ENDING MARCH 31, 1893.

All the Schools reported below are under the entire control of the Board. Teachers marked I received partial aid from the Public School fund; those marked †, receive their entire salary from Public School fund; and those marked j, receive their support from the tuition of the School. Ministers marked ** are teachers also.

# APPENDIX.

# Ninth Annual Report of the Freedmen's Department

--OF THE--

# WOMAN'S EXECUTIVE COMMITTEE OF HOME MISSIONS.

In presenting our Ninth Annual Report, we would gratefully record God's continued goodness in blessing the work, and, at the same time, acknowledge with deep humiliation our failure to meet the demands caused by its growth.

Thirteen hundred and twelve societies have contributed this year, which is one hundred and five more than during any previous one. At no time have so many letters been received by this department, expressing deep sympathy in our work, as during February and March, when it was feared the year would close with a very large deficit. That these fears were not groundless is shown by the fact that there was received during March, and up to the time the Treasurer closed his books, but \$4,000 less than during the preceding eleven months.

The Treasurer of the Board has received through the Woman's Executive Committee the past year, \$37,801.29. Of this, \$2,369 was contributed by Sunday Schools, and from Women's Societies direct, \$570, making a total from Woman's Executive Committee and Women's Societies of \$38,371.29, which is \$7,006.56 less than was received the previous year. This decrease is, perhaps, partly due to the very special effort made for building during that year. When compared with our report for 1891, we find a slight advance

of \$603.26, yet, when we remember the increase of wealth and numbers in our church since that time, we cannot count this a growth.

The money given has supported thirty-one teachers in twelve schools, and has kept three hundred promising pupils in school, who, otherwise, would have grown up in ignorance. These scholarships have been distributed in eight States and one Territory. Aid has been given in building, repairing and furnishing seventeen school buildings.

It is impossible to make a complete report of the box work, as it has not yet been reduced to a system. One hundred and forty-four boxes and barrels have been reported, which were valued at \$6,733.14, and fifteen others of which no value was given. Doubtless many others were sent, as societies were informed that the unusual severity of the season was causing unusual suffering.

The year has been a marked one in several ways. The unprecedented cold affected the numbers in our parochial schools; the poorly-clad children could not venture out when, even in their homes, there were instances of persons freezing to death. On the other hand, our boarding schools have been filled, and the number of these schools has been increased. Mary Holmes Seminary at Jackson, Miss., was dedicated in September with impressive ceremonies. The building has been crowded ever since with pupils, the greater part of whom are self-supporting. So crowded are they that, even now, plans are being made for an addition. This is the first and only work of our Church in Mississippi.

After the long delay, Ingleside Seminary at Burkeville, Va., was dedicated in October. Perhaps, in no school, does the faithful work done by parochial teachers show to better advantage than here. A very large majority of the girls have been trained in these schools and are members of our Church. The Christian character of these girls is a great comfort to the teachers and a blessing to the school.

A boarding department has been added to the Richard Allen Institute at Pine Bluff, Ark., and the first boarders were received

in October. It is hoped this department will add much to the usefulness of the school.

A building, surrounded by pleasant grounds, was purchased at Beaufort, S. C., to accommodate boarders connected with our school at that place. The Board, at a recent meeting, decided that this building should be for boys alone. Biddle University has, heretofore, been the only school under the care of the Board which is exclusively for young men and boys.

Contributions have also been made to the work at Anderson, S. C.

The women of the Boston Presbyterial Society became interested in the "Mountain Blacks," and, with the sanction of the Board, opened a school at Nebo, N. C. It was doing a most hopeful work among the Negroes, when it was suddenly brought to an end by lawless men destroying the school building and driving away the teachers. Surely God will yet make the "wrath of man to praise Him," and the remainder of wrath He will restrain. This is the new work of the year which has been aided by Women's Societies.

The interest in that formerly established continues. ginia, besides Ingleside Seminary, Nottaway C. H. and Danville have been remembered by the women of the Church. In North Carolina, Biddle University, with its increased number of students, still receives some scholarships from our societies. Scotia, with its two hundred and ninety-six scholars, is strongly entrenched in the affection of its Northern friends. Albion Academy, Lumberton and Mary Potter School have come in for a share in gifts for their work. The last named and youngest of these schools has a warm place in the hearts of the friends of the now sainted Mrs. Mary Potter, for whom the school is named. In South Carolina, Brainerd, Beaufort, Immanuel and Ferguson have not been forgotten. In Georgia, Haines Normal and Industrial School still receives the warm sympathy and support of friends. In Texas, Mary Allen Seminary continues its good work, and receives scholarships from the women of the North. In Arkansas, Richard Allen Institute, Cotton Plant and Monticello have been remembered. In Tennessee, Swift Memorial has claimed the attention and received gifts from those who believe in the future of the Negro. In the Indian Territory the children of the former slaves of the Indians have not been forgotten, and the Oak Hill School has received scholarships, so that thirty girls are now receiving careful training in that Christian home. Increased attention is being given to industrial training in all of our schools, thus providing a way by which the wants created by education can be legitimately supplied.

These money gifts were not the only expressions of sympathy. Who can estimate the value of the boxes in adding to the comfort to these and many others of our schools? Time would fail to tell of Amelia, Jetersville, Hendersonville, Louisburg, Good-Will, Ebenezer, Sumter, Dorchester, Caddo, Pittsburg Mission, Lukfata, and many others that were enabled to resist the cold and share in the good cheer contained in the numerous Christmas boxes.

Although there is much that is cheering, the work is far from being accomplished. We have scarcely touched it. A very dark picture could be drawn of the mass of Negroes in the South which would be true, but enough has been done to show how to relieve this darkness. A Christian education, under God, is the power to elevate this race as it has our own. Schools already established should be made as effective as possible. Dr. Haygood wisely says: "Nothing is so wasteful as the parsimony that does not spend enough to accomplish its purpose." The number of scholars at Ingleside might be almost doubled by adding the wing called for by the plan, for which the brick is upon the ground, and this without any additional expense for teachers. No one who has visited Brainerd Institute, Chester, S. C., can fail to see the great disadvantage under which teachers and pupils labor for want of proper accommodations. The same is true of Swift Memorial, Tenn. In many places it would be true economy to use paint for the preservation of chapel school-houses. With the sanction of the Board, the Societies will be called upon for these things, together with scholarships and salaries.

With what words can we record our estimate of the great loss to the work in the death of our honored Secretary, Rev. Dr. R. H. His winters spent among the Churches not only stimulated them to greater activity, but the Societies also. We feel that part of the deficit in our department is owing to the fact that the voice which so eloquently pleaded the cause of the Negro has been hushed His words of encouragement and generous symin the grave. pathy with all our efforts, feeble though they were, will long be His work is finished, and now, with many of the colored people for whom he labored and prayed, he is ever with the May we all learn the lesson taught by his life and death. The work laid down by Dr. Allen has been placed in the hands of a worthy successor, Dr. E. P. Cowan, whose hearty sympathy with all efforts to increase and make more effective the work among the Negroes promises well for the future.

Carlyle calls "The present time—youngest born of eternity, child and heir of all the past times with their good and evil, and parent of all the future," and says: "To know it and what it bids us do, is ever the sum of knowledge for all of us." A greater than Carlyle says: "As we have therefore opportunity, let us do good unto all men;" and one in whom all knowledge dwelt, said: "I must work the works of Him that sent me while it is day."

Respectfully submitted,

MRS. C. E. COULTER.

## PRESBYTERIAN BOARD OF AID

FOR

### COLLEGES AND ACADEMIES.

Tenth Annual Report to the General Assembly.

THE COLLEGE BOARD begs leave to submit its Tenth Annual Report.

It gratefully tells the goodness of God to it. He has preserved the lives of its members and institutions. To these latter he has granted, as to his Son our Lord whose character and work they seek to embody and illustrate, to "increase in wisdom and stature and," if their work and the Church's attitude toward them be in evidence, "in favor with God and man."

With this meeting of the General Assembly the College Board becomes

### TEN YEARS OLD.

It offers tabulated statements, comprehensive and comparative, of its work and some of the results in its first year, its last year, and its ten years.

### THE WORK TESTED.

These statistical tables show that the College Board has not disappointed the expectation of the Church. The General Assembly of 1883 established the Board by adopting unanimously the Report of the Special Committee on Education, which described "The colleges that the Church should found and foster," and gave "The reasons for such an agency" as the proposed College Board. The Board's work for ten years, compared with the description and reasons given by the Committee, tests both its conformity to the hope of the Church and its value.

# "COLLEGES THAT THE CHURCH SHOULD FOUND AND FOSTER.

"1. Colleges that shall have as their chief aim education, with a view to the whole man. Herbert Spencer's five objects of education . . . . leave the higher nature untouched, and make the restraints of culture a rope of sand."

Every institution founded in cooperation with the College Board, or fostered by it, while trying to lead its students to the highest physical and mental culture, makes strenuous endeavor to stimulate and guide spiritual and moral character; and with a measure of success surprising and delightful to one who investigates the results.

"2. Colleges that shall be pervaded by a positive Christian atmosphere."

Our teachers are chosen for pedagogic skill and Christian consecration; their personal Christian influence is pervasive and persistent; and the 1,688 student conversions reported during the ten years prove it.

"3. Colleges that shall make the Bible one of the text-

No reports of systematic Bible study were asked of institutions the first two years. The third year reported 49.4 per centum of the students in systematic Bible study; the Board kept steady pressure upon its schools; and this year reports 69.8 per centum of the students in systematic Bible study. That is not all: the Bible has been given larger space in curricula, and the quality of the teaching of it has greatly improved; and still better things are coming. Without the Board's steady pressure probably not one-tenth of these students would be systematically taught the Holy Bible in their institutions, and the teaching would be far less thorough than it now is.

"4. Colleges that shall have their instruction in harmony with the Christian faith."

There are not, nor can there be, atheistic, agnostic or rationalistic teachings in our institutions; and, while few or

none of them teach Presbyterianism dogmatically, in none of them are there, or can there be, teachings opposed to the expressed belief of our Church. They are soundly and strongly Christian.

"5. Colleges that shall influence decisions for life-work, so that the tendency shall be toward the ministry."

They have done this; they are doing it; they will do it. Our institutions have contained an average each year of 136 young men meaning to be ministers; this year 204, probably one-tenth of the male students and a large majority of male college students. Take out from our eastern theological seminaries the graduates of smaller colleges and the classes would be reduced probably one-half; take out such men from our western seminaries and the classes would almost cease to be. Presbyterian institutions in the west, and more of them, are the Church's hope for an educated ministry to man established churches and to carry the glorious gospel of the blessed God to the great West and the world.

- "6. Colleges that shall be under our own denominational control. And this for two reasons: a. Self-preservation; b. Stewardship.
- "Self-preservation. Other denominations are in the field pushing their way by institutions."

The denominational college, securing the cooperation of all in its neighborhood, quietly influencing people by its strength, and sending out young people equipped to be successful, largely controls the denominational leanings of its region. If other denominations surpass us in college work we shall see them pass us along all other good paths. The consecrated men and money of the coming great West will belong to the Church that educates them.

"Stewardship. The trust of this vast region is committed in part to us. We are under obligation exactly proportionate to our wealth and numbers and intelligence to attend to this great trust."

The Map in this Report shows regions vast, populous and to be rich, where the Board is founding and fostering colleges. But the work is far beyond the means which the Church commits to our hands; our institutions receive each year about onehalf what their imperative needs demand, while some other denominations are more generous; and new work waits upon larger income of the Board to be begun in mighty regions where there are Presbyterian schools few or none.

"Under our own Denominational Control."

The College Board assures this in five ways:

- (1) By requiring every aided school to be under such control by its charter.
- (2) By obliging institutions to clear up any cloud on the titles to their properties. Several have been induced to do this; several are now engaged in it; thus securing property which might, when it becomes more valuable, be lost to the Church.
- (3) By taking mortgages on the entire property of institutions which the Board aids from its Property Funds. The Board now holds mortgages on the property of 21 institutions, valued at \$630,121.50; and this was accomplished by placing only \$129,624.22, or less than one-quarter of the value of the properties; so that the Board's gifts assure to the Church perpetual control over more than four times the amount invested. Is not that fine? May not stewards of the Lord's money wisely put many thousands into such investment?
- (4) By assisting institutions to pay debts which endanger their properties. During the last year three, stimulated by the Board's offered aid, have won their freedom; and seventeen are engaged in similar efforts, most of which will soon succeed.
- (5) By preventing the beginning or increase of indebtedness. The Board will no longer begin to aid an institution coming to it in debt; and it no longer permits its aided institutions to begin or increase debt. Debtless schools do not die. Living beyond probable income in over sanguine venturing upon hoped for results destroys many schools; the Board does not permit this; school expenses must be kept within school income.

Thus the Board ensures denominational control, now and in the future, over institutions which it aids.

## "THE REASONS FOR SUCH AN AGENCY.

"1. Anything worth doing is worth a system in its doing.

And system is impossible on so vast a field without some central supervision."

The Board has prevented the founding of many ambitious colleges and academies foredoomed to failure by bad location or insufficient property foundation, and has influenced the wise placing and generous sustenance of many that will live; and, while not daring to hope that its administration has been wholly free from errors of judgment while getting wisdom by experience, it may claim to have rendered invaluable service to the Church in this department.

In the handling of funds also its work has been useful. Under the no-system existing before the Board was established each school made its own solicitation of funds in the East, the least deserving or least promising often getting the larger Now the Board forbids its institutions to beg funds in the East, save from personal friends, itself undertaking the task and trying to distribute the funds obtained so as to secure the best results for our educational work in the whole country. Hundreds of thousands of dollars have been wasted upon schools not wisely founded or conducted; many good Presbyterian dollars are still going that way; but if churches and people who foresightedly wish to aid Presbyterian educational work will consult the College Board, and give its representative access to their ears and judgment, they can place money where it will be safe and will accomplish the end they have in view. If such access be denied the Board, and it cannot get money for its schools; if Presbyterians continue lavish giving to institutions which cannot obtain the Board's approval because unwisely placed, insufficiently sustained or recklessly conducted; then of course our aided institutions will renounce the Board's aid with its restraints and go east to do their own begging. But if pastors and people will aid their own agency the Board will do a work which shall make our Church's future in the great West noble and notable.

- "2. Harmonious coöperation, both as to college sites and endowments, will be thus secured."
- "Sites." One state having four Presbyterian academies and a Presbyterian college would have to-day, but for the Board's influence, one Presbyterian academy and four Presbyterian colleges, perhaps even five or six, in neighboring and disastrous rivalry. Similar good work is done in other regions.
- "Endowments." The Board influences churches to support their near-by institutions. This year 669 western churches have given \$13,691.51 to colleges and academies in their own synods or presbyteries; and gifts of individuals to institutions, largely the result of the same policy of the Board, amount to \$49,939.10 this year. But for the Board's stimulating western churches and people by its gifts little of this amount, \$63,630,61 in all, would have gone into Presbyterian educational work.

Further information regarding endowments appears in the following section:

"3 Regular gifts from the East, gotten through this agency, will stimulate a far larger liberality through the West."

To a community, presbytery or synod which is doing and expects to do little for its institution, the Board offers a certain sum from its Property Fund on condition that the community, presbytery or synod raise three, four or five times the amount of the gift; and by such stimulation of people otherwise non-giving it has secured to the Church a large part of the \$1.407.933 reported this year by our forty aided institutions as the value of their properties after all indebtedness is deducted. By such stimulating offers of the Board the seventeen institutions before mentioned are enabled to secure funds in their vicinities to extinguish their indebtedness, and buildings are erected and endowments secured. A gift to the Board's Property Fund thus commonly secures to the Church, for perpetual use, an amount three or five times larger than itself. cent investment! The possibilities of it are limited only by the sums placed in the Board's treasury: seven institutions are ready to be brought to freedom from debt by such offers; seven can secure needed buildings; and thirteen can secure endowment which would place them above need of further aid from the Board. Will the Church provide the money to be offered?

Two friends of the Board recently offered \$10,000 for its Property Fund on condition that \$40,000 additional be secured. The \$50,000 are urgently needed for the purposes just mentioned. Can the Church hesitate now when the populations about these institutions are growing, and ready to be trained by our influence, to take possession of the rich fields fallow and open? Possession will be taken if the money be given.

"4. Arousing the Church by figures, facts, arguments and appeals, to a proper comprehension of the vastness of this work."

The Board has spoken year by year by the eloquent tongue and pen of its late honored and beloved Secretary, Dr. Hervey D. Ganse; the General Assembly has spoken year by year in ringing utterance; and the Church has been aroused. offerings of the churches, beginning with \$12,720.56 from 506 churches and Sabbath schools the first year, have increased to \$34,208.52 from 2,193 churches and Sabbath schools this year sent to the Board's treasury and \$13,691.51 from 669 churches sent directly to our aided institutions, besides gifts from individuals and by bequests. Reviewing the liberality of the ten years the Board may say to the Church, as Jacob said to Laban, "Thou hast changed my wages ten times;" and may add, what was probably not Jacob's experience, that every change but one has been a substantial increase. The table subjoined shows the gains and losses of this year compared with the preceding one.

**8** 156 50 **\$** 95 96

Evidently the Church has been aroused; but has it been "aroused to a comprehension of the vastness of the work?" As evidently, no! The General Assembly once counseled its churches and Sabbath schools to give the College Board six per centum of all their offerings for the boards of the Church; they have never given it one-half of that six per centum. Churches which make kindly annual offerings for this Board rarely give it more than three or four per centum of their total gifts to the boards; many make no offerings. May there not arise from the friends of this Board such a murmuring as arose among the friends of the Grecian widows, because the College Board, like the widows, is neglected in the ministration? neglected in the ministrations of 4,446 of our churches last year, being sixty per centum of the whole number. ancient murmuring was heard by the apostolic college and the error rectified. Your venerable and apostolic body, hearing this murmuring, can do much to rectify this error. This Board would not divert one dollar from any of the great and greater boards of our Church; but it would receive from churches and Sabbath schools the means which the Church in its great council deems necessary to accomplish the work; and of the vastness of that work many churches seem not to judge rightly.

" WESTMINSTER COLLEGE OF UTAH."

The last General Assembly took the following action regarding "The offer of . . . . one hundred acres of land within the limits of Salt Lake City, Utah, for the purpose of founding and endowing a Presbyterian College in said city, to be called 'Westminster College of Utah.'"

"Resolved, also, That the consummation of the transfer be

referred to the Board of Aid for Colleges and Academies, with instructions to receive and consider any other offers which may be made for the same purpose, to take all titles in its name, to settle the question of location, and all other matters relating to the establishment of the College, and to report its action in the premises to the General Assembly."

The Board was unable to secure definite information regarding either the location of the land offered, the names of the donors, or the conditions of the gift, until officers of the Board visited Salt Lake City in January. A proposition offering one hundred acres of land was then made by Arthur Brown, Esq. At a meeting held 7 March, 1892, the Board after careful consideration adopted unanimously the following report of its special committee:

"In our judgment the site offered is not suitable for our college; the property offered has not now and is not likely to have such value that the Board can conscientiously commend it to buyers; and lots could not be sold within a reasonable time for a sum sufficient to build, equip and carry on a college. Leading Presbyterians and other citizens of Utah with whom we conferred concur in this opinion. For these reasons we recommend that the proposition of Mr. Arthur Brown be respectfully declined."

The tender of another property less in extent and subject to the same objections was also declined.

The interests of our Church and the Christian cause make it greatly desirable that a Presbyterian college should be established in Utah. One hundred thousand dollars committed to the College Board for the purpose would ensure the safe and strong beginning of "Westminster College of Utah."

#### CONCLUSION.

The Map, Statistical Tables, General Information, Treasurer's Report, and other detailed Reports, which accompany this, are parts of the Board's Annual Report to the General Assembly.

The term of service of the following members expires with this meeting of the General Assembly, namely: Ministers.—Rev. S. J. Niccolls, D. D., Rev. D. R. Breed, D. D., Rev. W. W. Totheroh, D. D., and Rev. H. D. Jenkins, D. D.

Laymen. — W. O. Hughart, Henry W. Johnson, Dexter A. Knowlton, and John C. Grant,

Charles M. Charnley resigned his membership in June, 1892, and Thomas Kane was elected in his place.

Cyrus H. McCormick has resigned his membership.

All of which is respectfully submitted by order of the Board.

#### E. C. RAY,

Corresponding Secretary.

#### CONSTITUTIONAL PROVISIONS.

The following are the chief provisions under which this Board has been constituted, as determined by the Act of the General Assembly of the Presbyterian Church in the United States of America, in session at Saratoga, N. Y., May, 1883:

The name of this Board shall be the Presbyterian Board of Aid for Colleges and Academies, and the general work shall have the limitations indicated by its title.

The Board shall consist of twenty-four members, divided into three classes, composed equally of ministers and laymen, and one class shall be elected each year.

The province of the Board shall be to secure an annual offering from the churches for this cause; to cooperate with local agencies in determining sites for new institutions; to decide what institutions shall be aided; and to discourage all independent appeals to the Church at large.

The funds received by the Board shall be devoted either to current expenses of struggling institutions, or to permanent endowments.

The funds shall be secured (a) by annual offerings from the churches, mainly for current expenses of the institutions; (b) by special applications for endowment under the approval and general direction of the Board.

Every institution hereafter established, as a condition of receiving aid, either shall be organically connected with the Presbyterian Church in the United States of America, or shall, by charter provision, perpetually have two-thirds of its Board of Control members of the Presbyterian Church.

In the case of institutions already established and not included under the above provisions, appropriations for endowment shall be so made as to revert to the Board whenever these institutions shall pass from Presbyterian control.

In all other respects the disbursement of funds by the Board shall be wholly discretionary with the Board, both as to amount and direction, subject always to the control of the General Assembly.

#### WANTED: GIFTS.

- 1. For the General Fund; derived from church annual offerings (to be made in February if convenient), and individual gifts; from which appropriations are made to the current expenses of institutions. Only institutions whose charter or articles of incorporation place them in the control of the 'resbyterian Church are aided; and no institution may incur in lebtedness while connected with the Board. Demands upor this fund increase far more rapidly than the churches' gifts to it.
- 2. For the Property Fund; derived from individual gifts and bequests; used to aid institutions in (1) Paying off remaining indebtedness; (2) Adding needed buildings or other equipment; (3) Obtaining endowment.

Offering part of the amount needed, the Board stimulates local giving of the rest, bringing to the Church property worth from three to five times the amount of the gift. Requiring adequate insurance on buildings and their contents, and taking a mortgage on the institution's property, the Board secures to the Church forever not only its own gift but the entire property. Gifts should be made through the Board in order to secure the Church's perpetual hold upon them. This perpetually productive form of investment is commended to the judgment of the Lord's stewards. Personal gifts and bequests, either for designated institutions or to be distributed in 'he Board's discretion, are increasingly needed.

(1.) Debts. A few institutions are embarrassed, their growth hindered, their income partly absorbed in interest payments, by debts incurred before the publication of the Board's rule; such debts are mostly small compared with the values of the properties, and due either to a sudden fall in the price of lands which it was reasonably expected would sell well, or to reliance on synods and presbyteries, which were more enthusiastically sanguine in making promises than able to redeem their pledges. Money offered through the Board will secure payment of debts from three to five times the amount of the gifts, freeing institutions for effective service.

- (2.) EQUIPMENT. Successful institutions with increasing patronage require additional buildings, especially dormitories, and enlarged equipment generally. Money offered through the Board will secure from the institution's vicinage from three to five times the amount of the gift, enlarging the school's usefulness and lifting it to or toward self-support.
- (3.) Endowment. Most of our schools are out of debt, possess admirable buildings of brick or stone, and do thorough and extending work. They are unendowed, dependent upon annual appropriations from the Board. The Board's income is not sufficient to carry all these and to aid new schools. The older schools which have approved their worth must now be endowed; \$5,000 to \$7,000 offered through the Board will secure \$25,000 endowment of an academy, making it self-supporting; \$10,000 to \$15,000 will secure \$50,000 for a college, making it self-supporting. Has the Church a better investment?

The Board forbids representatives of its aided institutions to solicit funds (except from personal friends), outside of their presbyteries or synods. It authorizes no one to make such solicitation. The following is the

#### RULE.

Colleges aided by the Board may solicit personal gifts in their respective synods, academies in their presbyteries, or both from personal friends anywhere; but this does not mean that acquaintance with a pastor in another synod or presbytery authorizes solicitation from his church or people. Other solicitation of gifts from individuals for institutions aided by the Board may be made only by the Board. Institutions asking aid from the Board will be considered as thereby pledging themselves not to make such solicitation while connected with the Board.

Pastors will note that this plan can succeed only in so far as congregations are instructed, by the pastor or by the Board's representative admitted to the pulpit, about Presbyterian educational work and the Board's aims and methods; and in so far also as pastors sincerely try to secure the Board's representative access to individual givers. If the Board can not obtain needed

money, institutions will cut loose from it and make their own solicitations in eastern churches.

The Board makes request of

- (1.) Pastors, and Sessions of vacant churches, that they ensure an offering for the Board every year; that they admit the Secretary to present our Church's educational work in their pulpits (and no offering for the Board need be made at the time); and that they secure from men and women of means in their congregations permission for the Secretary to talk with them about the work.
- (2.) Presbyterian Leagues, Social Unions, and the like, that they give the Secretary opportunity to speak of the Church's college work.
- (3.) Individuals, that they afford the Secretary opportunity to talk with them, or that they correspond with him, regarding the general work or about particular institutions; that they contribute to the Board's funds; and that they give the Board a place in their wills. Legacies should be made to "The Presbyterian Board of Aid for Colleges and Academies."

#### APPLICATIONS FOR AID.

- I. Ownership. Ownership and control of institutions expecting aid must be vested in an ecclesiastical corporation belonging to our denomination; or in a board of trustees annually elected or nominated by such an ecclesiastical corporation; or in a board of trustees, two-thirds of whose members shall always be, by stipulation in the charter or articles of incorporation, members of the Presbyterian Church in the United States of America.
- 2. Determining Sites. The act of General Assembly constituting the Board directs it "To cooperate with local agencies in determining sites for new institutions." It should be consulted before a projected institution expecting its aid is located. Its wide outlook over the entire field, and its years of observation and experience, fit it to counsel for the interests of the institution and of the educational work of the whole Church.

- 3. Selecting Institutions. The Board is also "To decide what institutions shall be aided." The territory is vast; communities needing Christian schools are innumerable; local offers of land, buildings, cash for starting schools are multitudinous; the Board's resources are limited; the multiplication of small colleges and schools cannot easily outrun the need, but does outrun the Church's contributions for their aid; the Board must make selection among the many seeking aid. It will be guided in part by the following considerations.
- (1.) RELATIVE LOCATION. Remoteness from other Christian schools and from state institutions is a claim. Ordinarily but one Presbyterian College can be aided in a state until the Presbyterians of the state can support that and aid a new one beside. No academy in the vicinity of another Presbyterian school will be aided.
- (2.) Population. To preëmpt for the Church strategic points which are to become influential centers is sound policy; yet neither may sanguine expectations of new settlers be always accepted as prophecies of future greatness, nor may places already populous and growing be neglected.
- (3.) PROPERTY FOUNDATION. A few acres and a little cash are not sufficient foundation. The idea that if an inadequate start be made the great Presbyterian Church will do the rest, is a mistaken one. A new institution should have a property foundation sufficient to assure, with moderate aid from the Board, the meeting of its annual expenses at the outset. No new institution having indebtedness may expect current aid; but the Board will try, in cases of exceptional merit, to aid in removing the debt.
- (4.) LOCAL INTEREST. Land and cash offered as real estate speculation, with no vital local interest in a Christian school, do not invite the Board's aid; for the Board cannot provide all or one-half what will be needed eventually, but stimulates by its offers that local giving which must be the main reliance. The Board has settled policy to help institutions which, by a local spirit of fostering generous aid, have promise of large future. The Lord's money must be invested by its steward, the Board, where the largest returns are probable.

- (5.) EDUCATIONAL WORK. The Board is set to aid colleges and academies, not low grade schools, and to foster classical study which high schools rarely provide. Yet where an academy can increase income and draw pupils to advanced studies by teaching lower or commercial branches, and where a college can increase income and lead students into its college courses by doing preparatory work, this is approved. But in all institutions a high and rising grade of educational work is expected.
- (6.) Spiritual Influence. Our institutions are meant to convert the unconverted and to consecrate Christians. Schools with consecrated teachers doing their work in a missionary spirit; with daily worship, young people's societies, and a total life that influences pupils toward Christ, and young men toward the ministry; have large claim for aid. The highest educational work lacking this element, has no claim upon the Church's funds.
- (7.) BIBLE TEACHING. The Word of the Lord, which converts the soul, makes wise the simple, rejoices the heart, and enlightens the eyes, must be a chief text-book in every school aided by the Board. The Board, believing that Bible study is the chief thing, purposes to secure more thorough Bible work; perhaps requiring, for instance, Bible instruction of all students at least three hours a week for one term of each year; the life and teachings of our Lord the leading study; the whole Bible being studied during the course. Teaching the evidences of Christianity is not sufficient; Christianity must be taught. Schools doing superior Bible work have superior claims upon the Board's aid.
- (8.) Change of Name. An institution having aid from the Board as an academy may not change its grade to that of a college without the previous consent both of its synod and of the Board.
- (9.) Solicitation of Funds. The rule of the Board on this point, (see page 17 above), will be enforced.
- (10.) VISITATION. New institutions must not expect aid before they have been visited by the Secretary.

## 4. Applications for Current Aid.

- (1.) FORM. Application is to be made by the trustees, in formal meeting, filling out a blank form which the Secretary will furnish on request. Applications made for the first time should be accompanied by the fullest information regarding the history and prospects of the institution.
- (2.) Time. The annual Board meeting for voting on applications is held on the third Tuesday in June. Applications should be in the Secretary's hands four weeks before the meeting. Institutions withholding applications beyond the date of the meeting and giving no satisfactory explanation of the delay, will be regarded as expecting no aid from the Board for the ensuing year. As applications must often be followed by correspondence before they can be acted upon, institutions will do well to send them in at the earliest day convenient.
- (3.) APPROVAL BY PRESBYTERY OR SYNOD. Applications of colleges must have the formal approval of their synods endorsed upon the applications; applications of academies, the approval of their presbyteries. Failing this, no aid can be given but upon unanimous vote of the Board, sixteen members being present. Yet as there is often no meeting of the ecclesiastical body held between the making of the application by the trustees and the June Board meeting, unendorsed applications will be voted on at the June meeting; duplicate applications, approved and endorsed, to be sent to the Board before any payment of aid will be made.

The Board assumes that in approving an application the synod or presbytery has satisfied itself by careful investigation, (by committee visitation and scrutiny of the institution if possible,) regarding the institution's Location, if it be well chosen; Financial Administration, if it be wise and economical; Scholastic Work, if it be broad, symmetrical and thorough; and Spiritual Influence, if it lead pupils to Christ, form noble manhood and womanhood, and bring young men to the ministry and young women to consecrated usefulness. The Board further assumes that, in approving an application, ministers and ruling elders purpose to follow their affirmative votes with cordial assistance in prayers, kind words and gifts.

5. Application for Property Funds. Applications for Property Funds for aid in paying indebtedness or in the production or increase of property should be made in writing, should state explicitly all facts in the case, should be certified as adopted by a formal vote of the trustees in regularly called meeting, and should have formal approval of synod (for a college) or of presbytery (for an academy).

#### APPROPRIATIONS FOR CURRENT AID.

- 1. Amount. The Board makes appropriations in deep sympathy with struggling institutions, mindful of exceptional cases, seeking the advantage of the Church's entire educational work, and with such wisdom as may be given to those who, knowing their lack, ask of God. It can give only what the Church contributes. Under no circumstances will its total amount of appropriations exceed its reasonably assured income.
- 2. Announcement. Appropriations voted at the June Board meeting will be at once announced to boards of trustees of institutions, that they may adjust their proposed outlay for the ensuing scholastic year to their probable income.
  - 3. Additional Sources of Income.
- (1.) FROM CHURCHES. Colleges aided by the Board may solicit and receive from the churches of their respective synods the annual Board of Aid offerings; and such contributions, sent directly to the college, and reported by it to the Board, will be credited to the churches as contributions to the Board. Academies have similar privileges in their respective presbyteries.
- (2.) From Individuals. Colleges aided by the Board may solicit personal gifts in their respective synods, academies in their presbyteries. These, reported to the Board by the institutions, will be credited as gifts to the Board.
  - 4. Conditions of Payment.
- (1.) No Debt Incurred. Institutions aided by the Board may not create debt of any kind without previous concurrence in writing by the Board.
  - (2.) Expenses Within Income. Institutions aided by the

Board must keep current expenses within income, permitting no unsettled claims of teachers or of others.

- (3.) Solicitation of Funds. Institutions aided by the Board must observe carefully the rule on page 17 above.
  - 5. First Half Payment.
- (1.) Time. The first half payment of the appropriation voted will be made, if the Board's treasury permit, in January and February.
- (2.) CONDITION. The "Itemized Schedule," sent out by the Board in due season, must be returned, filled out in form, and approved in session of the Board of Trustees or of the Executive Committee of the institution; and the "Total of contemplated income" must balance the "Total of contemplated outgoes" before the payment will be made.
  - 6. Second Half Payment.
- (1.) TIME. It will be made as soon after the receipt of the balance sheet (mentioned below), as the Board's treasury will permit; usually at once, and probably in June.
- (2.) Conditions. The "Balance Sheet" sent out by the Board in due season, must be returned filled out in form, approved at the annual meeting of the board of trustees of the institution; and it must show that, with the exception of such outstanding bills as the Board's final payment will be sufficient to meet, all bills of the year have actually been paid, and accompanied with the trustees' pledge that the remaining bills shall be paid as soon as the expected remittance from the Board shall be received. The Spring Report blanks, sent out by the Board must be returned by the time required, and filled out in form, and such other reports as the Board may require.

#### APPROPRIATIONS FROM THE PROPERTY FUND.

- 1. Objects. Appropriations from the Property Fund are made only to aid in extinguishing debt on property, in completing enlargement or erection of buildings, and in securing endowment.
- 2. Amount. Only under exceptional circumstances should an institution ask of the Board more than one-fifth the entire

amount needed, in no case more than one-third. But the Board will gladly aid in securing a larger proportion, or the entire amount needed, for any especially deserving institution, should some individual donor propose to bestow it.

## 3. Conditions of Payment.

- (1.) Completing the Effort. The appropriation will be paid when it secures the complete extinguishment of indebtedness, or makes the final payment on the completed building, or completes the amount of endowment contemplated.
- (2.) Solicitation of Funds. Such solicitation of funds as is discouraged by the rule (see page 17 above), will forfeit the appropriation.
- (3.) Mortgage. Payment of the appropriation will not be made until a mortgage covering the property of the institution, for the total amount of the appropriation and of any preceding appropriation from the Property Fund, shall have been executed and placed in the Board's possession.
- (4.) PROPERTY TITLE. The property to be covered by mortgage to the Board must not be subject (by the terms of the deeds conveying it to the trustees of the institution, or otherwise) to any conditions, reservations or restrictions which would in any way prevent or interfere with the acquiring of a good title to the property by foreclosure of the mortgage to be given to the Board.

## 4. Necessary Steps.

- (1.) PAPERS REQUIRED. The Board must have
  - A certified copy of the charter or articles of incorporation of the institution.
  - A certified copy of the by-laws.
  - A legal description of the property to be covered by the mortgage.
- (2.) Time. As the preparation, execution and approval of the papers requires time, the institution should notify the Board that it will be ready for the payment, and should forward the papers named above, at least three months before the payment is expected to be made.
- (3.) OTHER PAPERS. The mortgage and other required papers will be prepared by the Board and transmitted to the

board of trustees of the institution for execution. Such papers sent by the Board must be executed by special vote of the board of trustees at a meeting regularly called, and a quorum being present; and a certificate to this effect will be required. Mortgages must be recorded.

- (4.) Exactness. Delay will be avoided if trustees of institutions follow explicitly the directions which will accompany the papers prepared and transmitted to them by the Board. The Board will require entire exactness.
- 5. Special Conditions. Such special conditions as the Board may make in each case will be notified to the trustees of the institution, and compliance with them will be required by the Board.

## TREASURER'S REPORT.

C. M. CHARNLEY, Treasurer, in account with "The Board of Aid for Colleges and Academies of the Presbyterian Church in the United States of America."

#### GENERAL FUND ACCOUNT.

# STATEMENT OF RESOURCES AND LIABILITIES. APRIL 1, 1893.

The undersigned, having examined the accounts and vouchers of Charles M. Charnley, Treasurer of the Board of Aid for Colleges and Academies, do hereby report and certify that they find the same correct; and they certify that said Treasurer has exhibited to the undersigned North Chicago City Railway bonds as mentioned in his report, amounting to \$26,000.00, and bonds and mortgages for the sum of \$31,500.00.

H. W. JOHNSON, THOMAS LORD. Auditing Committee.

^{*} Appropriated, awaiting fulfillment of conditions before payment.

#### 1 From Churches and Sabbath Schools.

Churches named in italics sent offerings directly to institutions aided by the Board. Such gifts, not entering the Board's treasury. cannot enter its Treasurer's Report, but are separately given at page 50.

## ACTION OF THE GENERAL ASSEMBLY,

AT WASHINGTON, D. C., 24 MAY, 1893.

The Standing Committee on the Board of Aid for Colleges and Academi s, consisting of

Ministers—Charles A. Dickey, D.D., David R. Frazer, D.D., John Burroughs, D.D., Jos ph B. Little, D.D., Adrian V. S. Wallace, Albert W. Knowlton, Connell Cox, William F. McCauley, Charles Fueller, Samuel R. Keam, John N. McClung.

Elders—John M. Coyner, E. F. Witmer, Percy B. Bromfield, Hamilton D. Bennie, A. J. Aldrich, Spencer P. Barrett, T. S. Snell, J. M. Armstrong, Richard H. Alexander, George H. Patch; presented the following report which was unanimously adopted by the assembly.

Your committee desires, first, to congratulate the General Assembly and this Board upon the completion of the first decade of service.

Ten years ago, with enthusiasm and hope, with a deep conviction of a great need, the General Assembly of 1883, that met in Saratoga, resolved to establish a Board of Aid for Colleges and Academies, and, with the faith of the church pledged to sustain it, its friends undertook the task of making manifest to the church the wisdom of the resolution that undertook this work. Sometimes the enthusiasm that resolved has not seemed to sustain, but the faithful ministers and laymen, to whom the work has been entrusted, have presented to this assembly, and to the church, a record of results and a statement of service that are conclusive proofs of the wisdom that designed this work and of the fidelity that has given the work success.

In 1883-4 the Board was able to assist nine (9) institutions. During the last year it has assisted forty (40); for the ten years it has assisted fifty-six (56). The first year it occupied seven

(7) States and Territories; the last year twenty (20); during the the ten years twenty-four (24). The first year the property of aided institutions amounted to \$337,100; the last year it amounted to \$1,407,933. The Board holds mortgages on the properties of institutions amounting to \$129,624, covering property valued at \$630,121. The first year the institutions aided by the Board had under their instruction 1,001 students; the last year 4,002. During ten years the Board has helped in the instruction of 29,763 students. Of this number 12,050 were church members, 1688 gave evidence of their hopeful conversion, and 1366 declared their intention to preach the Gospel. The first year the Board reported receipts to the amount of \$14.912; the past year receipts are reported to the amount of \$75,134. The t tal receipts of the ten years are reported to the amount of \$533,433. Direct donations, encouraged by the Board, with other gifts and transmissions, added to these actual receipts and disbursements, make the total aid of the Board, during the past year \$138,921, and during the ten years, \$834,-The average work of this Board for ten years, appears to be more than \$80,000.

The valuable report presented this year, will reveal to those who will take the trouble to examine its detailed statement, a most important work performed, and most encouraging promises of vastly greater service in the future.

The report of the ten years very properly reminds us of the reasons of the faith of those who urged the establishment of this Board, and who have labored to show their faith by works that give the encouraging results reported. The church which we represent is committed by every tradition, and by a glorious history, to a thorough Christian education. Christian academies and colleges are a significant part of the life of the Presbyterian Church. The college and the church have been closely allied in all our history. The church has sanctified the college, and the college has done great things for the church. We are devoted to education because of the elevation and refinement that it insures, but we especially, as a church, nurture schools of learning because we would qualify with a religious education, men and work in who will devote their lives and attainments to

the spread of the Gospel and to the saving of the world through the church.

The influences that tend to divorce education and religion are influences that retard true progress. The hope of the world is in the closer alliance of education and religion. And, as we believe in Presbyterianism as the best expression of revealed Christianity, it is our duty and privilege to plant and nurture Presbyterian academies, colleges and seminaries. Presbyterian education will be the best expression of Presbyterian power and life. Special attention is directed to the valuable suggestions upon these points in the report presented by the Board. Your committee desires to emphasize this proposition. Presbyterian Church should nurture Presbyterian Institutions, and provide a positive, well-defined Christian education, an education rooted and grounded in the Word of God, that, by the provision of such an agency, we may more successfully fulfill our great mission in the world. We note with pleasure the number of institutions aided that are reported as giving Bible instruction to the students under their care. And we are disposed to submit the opinion that the machinery of our church should be used, and the money of the church spent, only in aiding such institutions as are willing to make the Bible a text book, and instruction, on the line of its revealed truth, conspicuously their purpose and effort.

In view of the success of the work of this Board, during the ten years of test, it is hardly necessary that we should repeat arguments that should convince the church and institutions seeking aid, that such a Board, well equipped and furnished, well sustained by the generosity of the church, and by the cordial co-operation of those desiring such help as such a Board may give, is the very best agency for attaining this desirable end, Christian education.

Such a Board is needed to restrain and direct, with wisdom and experience, local and individual efforts. There is sometimes zeal, without knowledge, that might be fostered to success by the advice of such a Board, that otherwise finds only waste and disappointment. Such a Board is needed to discover, and to nurse to prosperity, institutions founded in faith and

wisdom, but crippled, and, sometimes ready to die for lack of timely assistance. The experience of such a Board may by diligent watch, find opportunities that busy Presbyterians are overlooking, and so inspire communities and individuals that new and needed institutions may be established. Such a Board is needed as a medium between needy institutions and the wealth of the church. There is large consecrated wealth waiting for satisfactory channels. It would be to the advantage of institutions seeking aid, as well as to the advantage of generous Christians seeking opportunity to bestow their gifts, to avail themselves of the knowledge, experience and helpfulness of this Board. The temptation is strong to follow fancies in giving, and to follow personal zeal in seeking help. But, with the whole field ever under diligent consideration, such a Board will prove the best agency, both in securing desired help and in discovering the most promising opportunities for such investments of consecrated money. Such a Board will prove its great importance in promoting harmonious co-operation of effort in different Synods and Presbyteries, in preventing a multiplication that will be waste and failure; fewer feeble colleges and more feeding academies would greatly enlarge this work of Christian education.

Such a Board is needed to furnish the information that will secure the wisest and best policy and the most effective service. It is a trust company that the church needs for deposit and that Christian education needs for continual supply.

The constitutional safe-guards of this Board should give confidence. All money given through the Board is sacredly guarded, and well secured by requirements and rules that wisdom and experience have suggested. The rules of the Board, regulating both applications for aid and the disbursement of funds, are such that the church has a confident assurance of a faithful and economical use of its gifts, and institutions desirous of help can be equally confident of an equitable distribution.

The needs of the Board are pressing and increasing. Great opportunities are within reach, great necessities are pleading for regard. The general funds of the Board, out of which cur-

rent help is granted, should be largely increased to prevent the actual suffering of some, largely dependent upon such a supply. Much more is needed to secure to the church valuable properties imperilled, or of institutions crippled by delay, and it is very desirable that large gifts should be bestowed for endowments that some institutions now dependent may become self-sustaining, and the Board be enabled, by such relief, to push new work.

We would urge upon all those who represent institutions, desiring help from the Board, to heartily co-operate with the Board, in its faithful endeavor to bring their needs to the notice of the church. It creates prejudice both against the Board and against institutions to have the same appeals presented by the Board and by agents of the institutions seeking assistance. The church will learn to trust, and will be disposed to sustain, the Board of Aid for Colleges in proportion to the evidence given that the institutions for whom their gifts are asked are themselves willing to trust the Board for aid.

The treasurer's report reveals the following facts:

The total amount received directly and distributed by the Board has been \$75,134, an increase over last year of \$18,662, or 33 per cent. Donations from churches and individuals made directly to institutions, with the knowledge and endorsement of the Board, have amounted to \$63,630, an increase over last year of \$19,216; the total gifts to the work of Christian education being \$138,921, an increase over last year of \$37,975, or 37 per cent.

On the 1st of April the Board had on hand, to the credit of its General fund for immediate use, about \$17,000, and invested to the credit of the Property fund, about \$25,000. Faith in the church is the hope of this Board for the continuance and increase of its great work.

Your committee would call the attention of all institutions aided by the Board to the evident duty of carefulness regarding the incurring of debt. Debts incurred not only cripple the college or academy incurring them, but likewise they seriously embarrass the Board in their work.

In conclusion, your committee would remind the Assembly

that the care of our colleges and academies is no less important than the care of Theological Seminaries. Our seminaries are simply the higher departments of Christian education. The students of our seminaries may find their trend and bias in the college or academy. And it is a matter of vital importance that they learn at the beginning of their course that reverence for the Word of God, and that true relationship of all other learning and the revealed truth of God, that will prepare them for the final instruction that is to qualify them for handling the word and for presenting the only salvation of the Gospel to a perishing world.

In obedience to the instructions of the Assembly the Board carefully considered the offer made at Portland of a site for a college to be known as "The Westminster College of Utah." The judgment of the Board is that the site proposed would not be suitable for such a college, and they respectfully recommend that the proposition of Mr. Arthur Brown be respectfully declined. The Board further expresses judgment that the interests of the church and of Christian education make it very desirable that a Presbyterian college should be established in Utah.

The following vacancies occur by limitations of service:

Ministers-Rev. Samuel J. Niccolls, D.D.,

" David R. Breed, D.D.,

" W. W. Totheroh, D.D., and

" H. D. Jenkins, D.D.

Laymen—W. O. Hughart,
Henry W. Johnson,
Dexter A. Knowlton, and
John C. Grant.

Mr. Cyrus H. McCormick, for personal reasons, has resigned his membership.

Your committee would respectfully recommend the adoption of the following resolutions:

RESOLVED, 1st. That the Board of Aid for Colleges and Academies, and the efficient officers of the Board, be commended for their faithful service during the past year.

RESOLVED, 2d. That we hereby commend this Board to

the confidence, and to the generous support, of the whole church.

RESOLVED, 3d. That we congratulate the Board, and the church, together with the noble institutions under the watchfulness of this Board, upon the great advance made during the past ten years in the work of Christian and Presbyterian education.

RESOLVED, 4th. That the representatives of colleges and academies, receiving or seeking aid, be earnestly urged to heartily co-operate with this Board in all their effort to promote the important work entrusted to the Board by the church.

RESOLVED, 5th. That we recommend to the church to raise not less than \$150,000, the current year, for the work of this Board, and to adopt as far as convenient the month of February for taking offerings in churches and Sabbath schools.

RESOLVED, 6th. That Rev. Samuel J. Niccolls, D.D.,

" David R. Breed, D.D.,

W. W. Totheroh, D.D.,

" H. D. Jenkins, D.D.,

Ministers,

and

W. O. Hughart, Henry W. Johnson, Dexter A. Knowlton, John C. Grant,

Laymen,

be appointed members of this Board for a term of three years; and that Henry J. Willing be appointed to fill the unexpired term of Cyrus H. McCormick, resigned.

RESOLVED, 7th. That the action recommended by the Board regarding the offer of land for Westminster College in Utah, be adopted by this Assembly.

All of which is respectfully submitted and unanimously recommended by your committee.

CHARLES A. DICKEY, Chairman.

## REPORT OF THE

# Special Committee on Systematic Beneficence

APPOINTED BY

## THE GENERAL ASSEMBLY

OF

#### THE PRESBYTERIAN CHURCH

IN THE UNITED STATES OF AMERICA.

1893.

The General Assembly's Special Committee on Systematic Beneficence presents herewith its Fourteenth Annual Report.

Giving account of our stewardship, we offer first of all a record of

### THE YEAR'S WORK.

The publication of The Christian Steward has continued without interruption, and with a constantly increasing circulation. Altogether, 200,650 copies have been printed, making an average monthly issue of 24,220 copies.

It is upon our pastors more than any other human instrumentality that the Church must rely in the prosecution of its great benevolent and missionary work. As a means of communication between the Committee and these leaders of Israel, this little sheet is an invaluable help. In addition to these, it has gone monthly into 18,000 other families with its message of Christian liberality, impressing upon conscience and heart the teaching of God's Word on the vital subject of honoring Him with our substance.

The hearty endorsement by the last Assembly of this branch of the Committee's work has been followed by the unsolicited and unexpected approval of nearly all of our Synods and of many of our Presbyteries. The Synod of New York, without consultation with your Committee, at its meeting in October last, voted a sum sufficient to supply its ruling elders with the paper for a year. The Presbytery of Oakland has arranged for a special edition of 1,500 copies monthly, in which its own local matters are also brought to the attention of its Church in which its own local matters are also brought to the attention of its Church members. A score or more of Churches are also issuing similar special editions with most gratifying results. In not a few instances news has reached us of Churches on the mission-field having become self-supporting under the stimulus of these special editions.

During the year we have re-issued one of the Documents of the Committee which was out of print—No. 20, "The Worship of God by Offerings," and sent out free, postage prepaid, to the Churches which have asked for it, 10,000 copies.

In the same way we have distributed 25,000 copies of Document No. 31, "The Presbyterian Union of Proportionate Givers," and 8,000 copies of our last Annual

Report.

Digitized by Google

To Mission-Churches, which would comply with conditions requiring systematic weekly giving (including a contribution to each of the Boards), we have furnished without expense to them, 100,000 printed envelopes for their offerings.

Mr. Thomas Kane, one of the members of this Committee as in years past

has continued his admirable work in the interest of proportionate giving.

The attention of students preparing for the Ministry in our Colleges and Theological Seminaries has been especially called to the subject of Christian Stewardship by means of two prizes which your Committee was able (through the generosity of a friend) to offer for the best essay on that theme. These essays are already in hand—a hasty reading showing that several of them are of unusual merit and permanent value. It is the purpose of your Committee to publish the successful essays for general circulation throughout the Church.

The resume of the year's work ought not to omit mention of the extensive correspondence carried on by your Committee. Our letter file for the twelve months past contains over 1,200 communications, representing nearly or quite every State and Territory where our Church is at work. Without exception these letters have been answered carefully and promptly, and we can but feel that many Churches have been aided by these written messages to more Scriptural ways of

giving

The "Union of Proportionate Givers," endorsed so heartily by the Assembly of last year, has reached nearly one thousand members. We are convinced that many times that number are giving to the Lord a sum proportioned to their income, of whom your Committee and the Church at large know nothing. Many of these, as our work becomes better known, will undoubtedly add their names to our growthe Church at large, we are also sadly convinced, is as a whole far away from any adequate understanding of the teaching of God's word on this subject. The reliance is still too largely upon human devices and special appeals to draw money out of unresponsive pockets. There will always be debts upon our Boards and deficiencies in our Church Treasuries, until God's way of giving gets a grip upon the consistence and bear the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consistence of the consi the conscience and heart of the people. It has been the contention of your Committee in all of its printed matter and written communications to adopt God's way, and shun "devices" of all sorts, however pious they may seem to be.

### NEXT YEAR.

We must content ourselves in view of the space given to the important subject of apportionment, with simply calling attention to the tables ordinarily found in the Committee's Annual Report, showing as they do a very gratifying increase over the preceding year. But, fathers and brethren, we have scarcely begun this great work. We urge most earnestly that every Committee in Synod and Presbytery, that every minister and Session join in consecrated labor, looking for the blessing of the Most High, to make the coming year still more fruitful than the year now ended.

LET EVERY CHURCH SEND AN OFFERING, HOWEVER SMALL, TO EVERY BOARD.

LET EVERY CHRISTIAN GIVE IN HIS CHURCH TO EVERY BOARD. LET EVERY ONE LAY BY HIM IN STORE AS GOD PROSPERS HIM.

As in the past, so in the future, we feel the need of the constant re-iteration of the following

### FUNDAMENTAL PRINCIPLES:

1. OUR PROPERTY, AS WELL AS OURSELVES, BELONGS TO GOD.—He has given us whatever we possess. He has the right to take it from us, when and how He will. "The Lord maketh poor, and maketh rich." I Sam. II: 7. "The silver is mine, and the gold is mine, saith the Lord of hosts." Hag. II: 8.

2. OUR PROPERTY IS TO BE USED FOR GOD'S GLORY.—All of it—that which we spend upon ourselves and our families, as well as that which we give to the Church and its benevolent work. In other words we are but stewards, trustees, of that which the Lord puts into our hands. We are to use the talents with which He has entrusted us for Him. Occupying till He come again, we are at His coming to give account of our stewardship.

In the business-world a peculiar sacredness attaches to trust-funds, and rightly A man may risk his own money in some speculative enterprise, in which he would not for a moment think of risking the fund for which he is the appointed trustee. He may spend his money freely, perhaps lavishly, while he carefully guards the

trust-fund in his keeping against every unnecessary expense.

The adoption of the principle of Christian Stewardship, so clearly taught in holy writ, makes all we possess sacred to God. It regulates our personal and household expenses, our pleasures, our expenditures in every direction. We allow no charges against the fund which we can not justify when the final accounting is rendered to Him whose trustees we are.

3. USING OUR PROPERTY FOR GOD'S GLORY NECESSITATES THE 3. USING OUR PROPERTY FOR GOD'S GLORY NECESSITATES THE GIVING OF SUCH PORTION OF IT, AS WE ARE ABLE, TO HIS WORK.—Of course, it is not to be denied that the support of our families, and the education of our children, are a part of His work. But He has a distinctive and special work, as represented by His Church and her great mission to disciple all nations. To this end He sent forth His Son to suffer and die. This was the last command of our risen Savior. "The mission of the Church is missions."

No Christian is blameless, no Christian is true to his trust, who refuses to recognize the binding obligation resting upon him to aid, according to his ability, in the divinely appointed work of the Church in bringing this world to the feet of his

Savior. It is as though a trustee should refuse to deliver to the legal possessors of his trust-fund the portion of its gains essential to their needs, which they demand and the payment of which the law requires. For the fourth fundamental principle

is that

4. GOD DEMANDS FROM EVERYONE A GIVING GENEROUSLY PROPORTIONED TO INCOME.—"Every man shall give as he is able, according to the blessing of the Lord thy God which He hath given thee." Deut. XVI: 17. "Upon the first day of the week let every one of you lay by him in store as God hath prospered him." I Cor. XVI: 2.

This is the teaching of the Bible from its first to its last page: A definite percentage of every income large or small conscientiously and lovingly fixed to be

centage of every income, large or small, conscientiously and lovingly fixed, to be

paid into the Lord's treasury for His glory and for His work.

Under the old dispensation the proportion required by law was a tenth. Many think the tithe still "holy unto the Lord," (Lev. XXVII: 30), and that withholding it from Him is robbery. Mal. III: 8. Whatever our views on that subject, it can not for a moment be conceived that the Gospel was intended to lower the standard of liberality, or that with a world to win for Christ, we should fall below the Jew who had no missionary work to prosecute. If the Gospel has brought us greater freedom, it also imposes the obligation of greater love and of world-wide duty.

And lastly we should understand that

5. THE SCRIPTURES REPRESENT GIVING AS A PART OF THE ACCEPTABLE WORSHIP OF GOD.—"They shall not appear before the Lord [in their sacred feasts] empty: every man shall give as he is able." "Upon the first day of the week let every one of you lay by him in store." "Thy prayers and thine alms are come up for a memorial before God." Acts X: 4. Worshipful giving should form a part of every Sunday's service.

It is for these principles, each of them thoroughly Scriptural, that your Committee stands. It is these principles, instead of human devices, that we are seeking in your behalf and name to impress upon the Church for adoption, believing that their adoption would not only pour into the treasuries of our Churches and Boards funds ample for all their needs, but would open the windows of heaven upon us in

abundant and fructifying showers of divine grace.

### SUGGESTIONS.

- 1. That the table of percentages for the undesignated gifts of the Churches to the Boards, recommended several years ago by the General Assembly, should be considered by a competent committee, with a view to ascertain if any changes should be made in it.
- 2. That Sunday-schools and Young People's Societies be requested to contribute regularly and generously to all of the Boards of the Church.
- 3. That Committees on Systematic Beneficence be directed to bring the suggested apportionment (mentioned further on in this Report) to the attention of their several Presbyteries; and that the Presbyteries be urged to make an earnest effort to raise for the Boards not less than three per cent. of the value of their Church property.

### APPORTIONMENT.

One of the recommendations of the Standing Committee on Benevolence adopted by the last General Assembly, approved, "of the suggestions of the Special Committee on Systematic Beneficence, that in a tentative way an apportionment be

made, among the Synods and Presbyteries, of the amounts needed by our several Boards during the coming year."

Your Committee was in doubt as to who was to make this tentative apportionment, and accordingly has not given to the subject the attention which its importance demands. We are willing to undertake the labor should the Assembly so direct, but would suggest that it might be better to place the matter in the hands of a Special Committee with instructions to report one year hence. It is a large work, requiring wise and delicate handling, but one which if properly done would undoubtedly result in great gains to the treasuries of our Boards.

As a help to the solution of the problem, and at the same time as a guide to the study of Presbyteries regarding their own responsibilities as compared with other

Presbyteries, we offer the subjoined table.

### EXPLANATION OF TABLE.

The first column of figures gives the value of Church property in each Presbytery, according to the census of 1890. (See Minutes of General Assembly, 1892, pp. 751-754). The financial ability of the Presbyteries may be gauged by the two succeeding columns in which appear "congregational expenses," and their ratio to the value of Church property. The fourth column contains the amounts contributed to the Board—the figures being taken from the Reports of the Boards, and not from the Minutes of the General Assembly. To help the Boards, our gifts must go to them instead of outside objects, which are embraced in the statistical tables of the Minutes. In the fifth column will be found the ratio of these gifts to the Boards to the value of Church property.

Considering the fluctuations in legacies and other extraordinary sources of income, it would not be safe to reckon on less than \$2,000,000 for the work of the Boards as the gift to them by our Churches. This is about three per cent. of the value of our Church property. On this basis the amount to be raised by each Presbytery is given in the sixth column. It is this amount which we would In several instances, suggest that the Presbyteries regard as their apportionment. (as for example in the Presbytery of East Florida, where owing to outside assistance, Churches far beyond the ability of the people, have been built,) such an apportionment would prove burdensome. But in the large majority of cases these figures could be easily reached. This will be seen by the last column which gives the number of cents to be given each week by each member of the Church in order to raise for our Boards three per cent. of the value of our Church property. in six Presbyteries, if each member of the Church would give weekly one cent, or fraction thereof, the suggested apportionment would be raised. In thirteen Presbyteries the weekly gifts would range between one and two cents; in thirty-four, between two and three cents; in twenty-eight, between three and four cents; in thirty-nine, between four and five cents; in sixteen, between five and six cents; in ten, between six and seven cents; in seven, between seven and eight cents; in five, between eight and nine cents; in three, between nine and ten cents; and only in

four, over ten cents.

We doubt if there is a single Presbytery in which our members could not give, on the average, ten cents a week to the great Benevolent and Missionary work of

our Boards.

The table closes with a list of thirty-three Presbyteries which have contributed The table closes with a list of thirty-three Presbyteries which have contributed to the Boards three per cent. or more, of the value of their Church property. This list will bear study, as showing that a "tentative apportionment," like the one suggested, does not press heavily upon any one part of the Church as compared with a different portion. These Presbyteries are scattered throughout the Church in eleven different Synods, in city and country, in agricultural districts and mining regions, in States and Territories, in East and West. Choctaw Presbytery, Indian Territory, heads the list, followed closely by two others of its four Presbyteries. Mankato, Minnesota, comes second, with Butler, Pennsylvania, third, and Bloomington Illinois a close fourth Bloomington, Illinois, a close fourth.

We offer the tables as a suggestive study towards the solution of a problem, which must attract more and more the attention of those who would see the whole

Church at work, and each part of it gladly doing its just and fair share.

## TWELFTH ANNUAL REPORT

OF THE

## **GENERAL ASSEMBLY'S**

## Permanent Committee on Temperance,

FOR THE YEAR ENDING MAY 1st, 1893.

Presented to the General Assembly at Washington, D. C.

In presenting to the General Assembly its Twelfth Annual Report the Permanent Committee on Temperance would with sadness record the afflictive dispensation of Divine Providence which at the beginning of the last year deprived it of the services of its Chairman. Rev. I. N. Hays, D. D., having been stricken with paralysis, was totally disabled from active work for the Master whose service he loved so well. After some months' delay the Committee reluctantly acquiesced in his request and relieved him of the burdens involved in his connection with it. This esteemed brother has been a member of our Committee for seven years, and, since the lamented death of Dr. Elliott E. Swift, has been its Chairman. By his zeal and energy, by his prudence in counsel and by the influence of his tongue and pen he has done much for the furtherance of the work entrusted to the Permanent Committee. While the Committee has in recent years been deprived, in the providence of Gad, of several of its most valued members, we praise Him in the confidence that though the workers fall the work shall go on.

Rev. John J. Beacom, D. D., was chosen Chairman in the room of Rev. Dr. Hays. The work committed to us by the Church has been prosecuted along the same lines as heretofore and with no relaxation of effort.

THE GENERAL WORK OF THE COMMITTEE.

The charge given us "to seek to unite the Synods and churches in suitable measures for promoting the temperance

reform," we have obeyed, to some extent, by personal address, but mainly by a correspondence extending into the Synods and Presbyteries generally throughout the country. Some communication too has been had with missionaries abroad, and with those laboring among our exceptional populations in the Indian Territory, in Alaska and in the Southern States, also with chaplains in the United States Army and Navy.

Correspondence has also been had with Temperance Committees and judicatories of sister Churches, notably the Methodist Episcopal, United Presbyterian and Baptist, and the Presbyterian

Church in Canada.

Efforts in the interest of better Temperance legislation have been organized and promoted. Blank forms of petition have been prepared and widely distributed. By personal interviews at the seat of Government or elsewhere with those in authority, and by soliciting others to wield and concentrate influence towards the same end we have sought as best we could to accomplish our mission in this regard.

The recently organized and very promising work of our Presbyterian women in this department has of course had the earnest

attention and co-operation of the Permanent Committee.

In our efforts to forward the work we have availed ourselves to some extent of the use of our church periodicals, the editors very courteously extending to us the privilege of their colums. The same tracts which we have heretofore issued have been kept in circulation and somewhat more extensively than in previous years. One additional document, an Address on Local Option by Rev. W. F. Crafts, has been added to our list and very extensively circulated in Pennsylvania. Another, an Address on Prohibition, by Rev. J. T. Killen, whose publication has been requested by the Synod of N. Dakota, is now in the hands of the printer.

Requests have come from various quarters for literature that shall be better suited to younger readers, and preparations are in

progress to supply the demand.

## SPECIAL WORK ASSIGNED BY THE GENERAL ASSEMBLY.

Among the acts of the last Assembly we find the following:

Resolved, That * * * In order that the Church communicants and others who might be led to be interested in Temperance work may thoroughly understand the position of the Church, now and in years past, the Permanent Committee be requested to have their tract, "A Summary of the Deliverances of the Assembly on Temperance," sent to all pastors throughout the Cnurch with a request that the tract be distributed among the people.

This task was undertaken by the committee with pleasure, but owing to lack of funds is still very far from completion. To have finished this work would have involved an expense considerably in excess of the entire sum contributed to our treasury during the year, and it was deemed imprudent to incur a debt. In response to our published invitation, orders for the tract have reached us beyond our present ability to fill. The same statement may be made regarding other Temperance literature published by the Committee. The recommendation of the General Assembly that our documents should be sent abroad gratuitously to all applicants giving assurance of their judicious distribution has been complied with to the full extent of our ability. We interpreted the reiterated directions of the General Assembly regarding the dissemination of Temperance literature as implying a deep coviction of the importance of the press as an engine of war in this conflict with the powers of darkness. The publications of the Presbyterian Board, of the publishing department of the Women's Christian Temperance Union, of the National Temperance Society, and other agencies are varied and most valuable, and it is our endeavor to promote their circulation by directing purchasers to these sources of supply. But this committee is in hearty accord with the apparent conviction of the General Assembly that if purchasers do not come fast enough the printed truth must nevertheless be scattered abroad. The exigency is pressing. The King's business requires haste. The battle cannot wait for selfequipped volunteers. There are thousands ready to bear arms in the good cause. Let them be freely furnished from the public And should not the stores of the depleted arsenal be promptly replenished?

In the minutes of the last General Assembly we also find the

following:

Resolved, * * That the whole power of the Presbyterian Church, in harmony with the efforts of other evangelical communions, shall be directed to resist the passage of any law legalizing the liquor traffic in Alaska, and that the Permanent Committee on Temperance use all lawful and laudable methods and means in resisting the passage of such bill in Congress, and to this end that the action of this Assembly be communicated by telegraph to the committees in the National Congress having this matter in charge.

By correspondence with Presbyteries and Synods and by appeals through the press your Committee has sought to direct attention and stimulate effort upon this matter. We have also addressed the U. S. Commissioner of education for Alaska and members of the U. S. Senate regarding the proposed action. It is with gratification that we report that, in deference probably to the numerous protests which have reached the Senate, further efforts towards the repeal of the Alaska prohibitory law seem to have been abandoned.

The fact, however, has been developed that while Alaska is nominally under prohibition, the governmental regulations are so inadequate in their provisions or so defective in their execution that the country really lies helpless in the grasp of the liquor traffic and its unhappy natives are being rapidly devoured by that insatiate monster. It is no doubt true, as claimed, that in a region so remote and with so extensive a coast line our government finds difficulty in effectually excluding the rum sellers. But we have not hesitated to join issue with a mighty foreign power over the imperilled seal in Alaska's waters, and no doubt effectual measures have been taken for their protection. Are the souls on Alaska's shores less precious? Did some foreign power once a year descend upon those shores, burn an Indian village and shoot down its defenceless inhabitants, the injury were but slight compared to those inflicted by the invasion of the rum seller. Shall not Christian citizens importune our government for the adoption of more effective measures for the protection of our nation's wards?

Regarding the Sabbath and Temperance at the Fair: This Committee has earnestly labored for the prevention of national Sabbath breaking and national rum selling at the Columbian Exhibition, two objects in which the General Assembly has manifested very deep interest. By collecting and forwarding to Washington large numbers of petitions, by correspondence with chairmen of Presbyterial Committees and with pastors and others in the Church, and with members of Congress, and by personal visit of our Corresponding Secretary to Chicago for conference with leading Christian ministers and laymen there we have endeavored to further the objects sought by the General Assembly. For the Congressional action requiring that the National Exposition shall be closed on the Lord's day, praise should be rendered to God, and it is befitting that those legislators who despite adverse influences voted for this righteous measure should have our But we cannot contemplate except with feelings of thanks. shame the proposed spectacle to be placed before all the world of a vast national grog shop and a vast national exhibition of the trampling down of law. Shall not Christian Americans still pray and labor that such national sin and disgrace be averted? And shall not the Presbyterian Church, through the General Assembly, record before all men her solemn protest against this iniquity?

## THE NARRATIVES.

Some of the material necessary to a Temperance narrative is hard to reach. The enemy takes pains to keep it out of reach. Many times has our National Government been asked to appoint "an impartial commission of inquiry concerning the liquor traffic," which might furnish official and exact information regarding the operations and results of the trade. The bill has several times passed the Senate, but the liquor power rallying its forces has always defeated it in the lower house. "They love darkness rather than light because their deeds are evil." Too sad for tongue or pen to relate or heart to bear would be the narrative whose incidents

must be collected from the records of the police courts and the jails, of workhouses, almshouses and the morgue. The morning papers must contribute their daily recitals of midnight orgies and brawls, of wife murders and child murders, of parricide, matricide, and suicide. Such narrative must tell of squandered fortunes, blasted hopes, ruined reputation, darkened homes, shattered health, bestialized soul and the drunkard's grave. But to complete such a narrative, even as regards the present life, would demand more than finite human knowledge.

Ten thousand homes have their "skeleton in the closet." Ten thousand hearts pine over wounds inflicted by this dire foe which they exhibit to no human eye. "The heart knoweth its own bitterness, and a stranger intermeddleth not therewith." We cite a

painfully suggestive incident:

"A young man was recently found near a large city, drowned. On a paper in his vest pocket was written: 'A wasted life. Do not ask anything about me; drink was the cause. Let me die; let me rot.'

"Within a week the coroner of that city received over two hundred letters from fathers and mothers all over the land asking for

a description of that young man."

A complete temperance narrative should tell how the rum traffic, which is responsible for all this ruin and wretchedness, has by mighty combination of its forces prepared to defend itself against the righteous indignation of outraged humanity and the infliction of the just penalty of its crimes. It should relate how by its lucrative patronage it subsidizes and quiets the press; how it fills with its minions municipal councils and State legislatures; how it often corrupts the administration of justice and exercises an influence all too potent in the halls of national legislation. As to the character of this traffic, the testimony of the various departments of the Church of Christ is in perfect accord with our own, which declares it to be "the principal cause of drunkenness, and its consequent pauperism, crime, taxation, lamentation, war and ruin to the bodies and souls of men, with which the country has so long been afflicted."

As to the efforts being made to combat the liquor power and the terrible drink habit by the Churches—our own and others—and as to the apparent progress of the work, we gather information from the narratives which have reached us. Though very many Presbyteries failed to report, or reported too late, we are gratified to find that the material at our disposal includes information from so large a proportion of the whole Church, there being but two Synods out of which have come no reports of the work.

We have sent out circulars designed to reach every Session in the entire body. These circulars contain questions the answers to which we endeavor to summarize. First, as to the growth or decline of interest and activity in Temperance work in the Church and community—a large majority of answers indicate that there seems to be some progress. Evidently, however, the advance has not been very marked, for not a few seem to be uncertain whether the tide is ebbing or flowing. Some suggest the political excitements of the year as having had an unfavorable influence on this work.

The next inquiry, relating to the prevalence of Temperance sentiment and of the practice of total abstinence among Church members, elicits a favorable and cheering reply from almost every quarter. Indeed, quite a number of Presbyteries represent the practice of total abstinence as almost absolutely universal. There are exceptions, however. One Presbytery "fears the drink habit is growing even among communicants." And from other quarters unofficial reports reach us through our correspondence which bring painfully convincing proof that the work of Temperance reform is yet incomplete even as regards the personal habits of

many professed followers of Christ.

The next question is, "Has the Church in your vicinity taken up Temperance work, or is this department of the Master's service mainly left to other agencies?" The answers to this are almost perfectly uniform—"Mainly left to other agencies." One Presbytery reports nearly all its Churches as having Committees of the Sessions or of women appointed by Session to look after the mat-Perhaps a score of others report each a few churches as having such Committees of Session or of the Young People's Society of Christian Endeavor, but the vast majority have no such equipment for work. Nearly all report Temperance sermons occasionally, and some Sunday School instruction. Some mention efforts to drive out the saloon, and some others personal effort for the reformation of the drunkard or for his recovery by the gold cure. A small proportion of all have held special temperance meetings, distributed literature, organized bands and circulated the pledge as a preventive measure among the youth, of which things this is the sum: Against the most cunningly devised engine of Satan; against the most thoroughly organized arm of his service; against his most determined and persistent assault all along the line, the Church is doing little more than firing a random shot now and again. Beyond an occasional sermon or Sunday School lesson this matter of greatest moment and most imminent peril to religion receives no attention.

Surely if Christians realized how many souls are being entrapped, how many hearts are being crushed through intemperance, they must be constrained by the love of Christ to give more

earnest effort to this cause.

We are well aware that temperance is not Christ, but we know

that intemperance effectually bars Christ out of the heart. Said Albert Barnes: "Let it be sounded throughout the land that the sound conversion to God of the man who uses intoxicating drink is well nigh hopeless."

To thousands of dead and entombed souls intemperance is the great stone closing the mouth of their sepulcher. Only Christ's all-animating voice can rouse the dead soul, but to his people

his command is-"Roll ye away the stone."

Regarding Temperance instruction in the public schools the Presbyterial narratives indicate that while most States now have laws requiring such teaching, Christians seem not yet to have realized that laws cannot be depended upon to execute themselves. If the Christian people at whose solicitation those laws were enacted manifest no solicitude regarding their observance by school boards and teachers, the happy results which were placed within our reach by such legislation can never be realized.

"Opportunity is the command of God." Fifteen million young Americans are in the plastic hands of the teacher to-day. Are we too busy to see to it that the proper molding influence be exerted? Swiftly they pass beyond our reach. "And as thy servant was busy here and there he was gone. Then shall thy life

be for his life."

To the inquiry addressed to the Sessions, as to the observance by teachers of Temperance instruction laws, many reply, "Don't know;" and two or three suggest that it is not the province of the Session to know about such matters! We are sadly familiar with the heartless words of Cain—"Am I my brother's keeper?" But it is a painful suprise to hear those whom the Holy Ghost hath made overseers of the Lord's flock ask—"Are we keepers of the lambs?"

The Presbyterial narratives also bring us intelligence concerning the working of State prohibitory laws, of local option and license laws, and of the effects of each respectively in the reduction of drunkenness and consequent crimes. Reports from Kansas, Iowa and North and South Dakota are strongly favorable to prohibitory laws. It is true that complaints come from these States that in their largest cities corrupt municipal officers are elected who, regardless of their oath of office, refuse to enforce the law. "But," says a Kansas Presbytery, "whatever failure there may be, prohibition remains as the most effective remedy for the saloon nuisance. There is but one sentiment as to the effect of prohibition, and that is, that it is always and everywhere wholesome. The traffic is under the ban of law. The open saloon has disappeared." And substantially so say they all.

Determined efforts have been made in Iowa for the repeal of the prohibitory law, and in North Dakota and Kansas for re-submission of the prohibitory clause of their constitution. Our people in those States rejoice that for the present these efforts have failed. Were any argument lacking to demonstrate the value of prohibition as a Temperance measure, that argument is furnished by the enemy in their determined and persistent assaults upon it.

Regarding local option there is diversity of opinion as to its value, none regarding it as the best and ultimate solution of this difficult problem, but the greater part favoring it as a stepping stone toward general prohibition. In Pennsylvania the reasonable demand of the Temperance people that each county should be permitted, if a majority should so elect, to exclude the traffic from its bounds, has been summarily refused by the Legislature. New Jersey, through nearly every one of its Presbyterial reports, cries out against the odious and intolerable tyranny of gamblers In that State and in Ohio and Indiana there has and rumsellers. been a recent movement started towards an alliance of Christian Temperance voters of various political parties with the object of securing local option or some other form of legislation better than that which now prevails for the abatement of the evils of intemperance. A New Jersey Presbytery declares that "it is simply notorious that justice cannot be obtained against rumsellers in

Among all the reports of Presbyteries and of church Sessions, as quoted by the Presbyteries, the license system has no advocate or apologist. A single church in Illinois tells of a reduction in the number of saloons by the \$1,000 license, but adds that "the volume of sales has not been diminished." One Pennsylvania Presbytery says, "High license is an utter failure." Another-"It only gives respectability to the traffic." And another—"High license fails to restrict the traffic or to reduce intemperance." A Presbytery in Montana observes, "Our license laws of course protect the liquor business to its entire satisfaction, neither restricting nor reducing intemperance or crime, but increasing both to alarming proportions, while prostitution and gambling, natural allies of the saloon, swell the tide of corruption, sweeping away with awful rapidity not only men and women, but boys and girls

as well."

The high license scheme, when first projected, was doubtless regarded with interest by many friends of temperance as offering what might prove to be a practicable solution of this difficult problem. It has been weighed in the balances and found wanting. The proofs of its utter futility are ample. The liquor traffic is essentially a freebooter and cannot be regulated into a law-abiding trade. It is a man-eating tiger, and no process of taming will change its nature. All systems which merely propose ro regulate must fail. But more than this, the license system is not only futile but immoral in character and mischievous in its tendencies, obliterating moral distinctions and debauching the public conscience in the citizen and in all departments of the government.

The logical and legitimate outcome of this compromise of government with a powerful robber now becomes apparent in the demand made for similar concession to other crimes and vices. The drunkard-making trade having been licensed, gambling and prostitution now wait their turn; and how can their clamor for recognition and license be consistently disregarded? In fact, their demand has in various quarters been at least informally conceded. Four thousand citizens of Omaha, Neb., have recently declared over their signatures, "Prostitution is recognized in our city and virtually licensed." Also, that "gambling is recognized as a legit-imate business upon payment of a monthly fine into the city treas-Further comment on the tendency of the license system is needless. High license was put forward when the great temperance host was about to make an advance all along the line in Pennsylvania, Nebraska, Texas and other States. The ruse was effective. Thousands, doubting the practability of prohibition, turned aside to the high license standard. The forces were divided and the battle lost.

Next time the cunning enemy, fertile in resources, will have some other specious project to use as a "diversion." Let us beware. Probably the next project to turn away attent on and effort from prohibition—the bitter end against which the enemy struggle—will be "public conduct" of the business. But the Gothenburg system, of which this is the counterpart, has not proven efficacious as a Temperance measure, since Sweden consumes more spirits per capita than any other country: and that this system is no less immoral than license must be patent to all.

The Church is not a political organization, but she owes it to God and humanity to give unequivocal utterance on such moral questions. And though a question in morals should, through the action of political parties, become a political question also, the Church is not on that account to be precluded from dealing with it. The endorsement of a civil government or of a political party must not be permitted to exempt immorality from the rebuke of the Church; and that which would be clearly wrong if done by the individual does not become right when many thousands join in its performance.

The Christian should recognize his paramount allegiance to the Kingdom of God. As a citizen of the State, in the exercise of the right of suffrage, he should "call no man master on earth." He should repudiate the claim of any man or of any organization, political or ecclesiastical, that should presume to dictate to him, but he should ever remember that at the polls as elsewhere, Christ is his liege Lord to whose will and to the interests of whose cause he is to have first regard, and that to his scrutinizing eye no ballot is secret.

Regarding total abstinence by the individual and the suppression of the traffic by the State, the General Assembly has given

reiterated and unambiguous utterance, and the Presbyterial reports indicate no dissent therefrom. Let us "now, therefore,

perform the doing of it."

Though the circular issued by the Permanent Committee did not repeat the inquiry of last year regarding communion wine, some Presbyteries offer the information that a large majority of their churches have, in the celebration of the Lord's Supper, discarded the use of the decoction of alcohol and drugs which so often constitutes the "wine of commerce," substituting the unfermented "fruit of the vine."

By the Synod of New Jersey, at its last meeting, it was

Resolved, That we call the attention of all Church Sessions that use the ordinary wine of commence to the advisability of substituting therefor the unfermented juice of the grape.

The inquiry contained in last year's circular regarding contributions to our treasury has also been omitted. We have, however, intimated our need of additional funds, and in a circular to the Chairman of the Presbyterial Standing Committee on Temper-

ance we have spoken of the matter as follows:

"This work requires money as well as labor. Our committee has been again and again commended to the liberality of the churches, but not being placed on the Schedule of Annual Contributions nor assigned a column in the statistical tables, it is very generally overlooked. Without doubt our Church's interest in this cause is deepening year by year, and much money is given to further Temperance Reform, but most of her contributions are being absorbed by undenominational agencies. However worthy these outside organizations may be, is it the part of wise Christian people or of loyal Presbyterians to leave the appointed agency of their own Church without the necessary equipment for effective work?

"No large amount of money is at present required. An average contribution of even one dollar per church would amply supply our need. And such general distribution of the work of supporting this agency we should greatly prize because of its reflex influence on the contributing churches directing attention

and interest to the cause."

To the efforts of the brethren of the Presbyterial Committees is no doubt due the very considerable increase in the number of contributing churches, and in the aggregate amount received by our treasury. In prosecuting this work, which is not always and in every regard cheering, the hearty co-operation of our brethren and the kind words accompanying these reports are gratefully appreciated. We desire to return to these brethren, and to their Presbyteries, and also to communicate to the General Assembly regarding this whole perplexing subject "the comfort wherewith

we ourselves are comforted." The cause of temperance is the cause of Christ and humanity. "Are the prospects bright?" Yes, we reply, as bright as the promise of God.

"Careless seems the great Avenger; history's pages but record
One death grapple in the darkness 'twixt old systems and the Word;
Truth forever on the scaffold, wrong forever on the throne—
Yet that scaffold sways the future, and behind the dim unknown
Standeth God within the shadow, keeping watch above his own."

It should be sufficient antidote to despondency that God reigns. But we are not left without signs of promise. There is much in these narratives to cheer the hopes of God's people.

Our own and other branches of Christ's Church generally unite in branding the traffic in intoxicating drink as a sin and crime which must not be tolerated in the communion of the Church and with which civil government should make no compromise.

The practice of total abstinence is becoming more and more

general among church members.

By State action the liquor traffic has been put under ban of the law in seven States of the Union. In Massachusetts progress has been made under local option in combatting the foe. In various other Northern States, counties, towns and cities have prohibition, and in fifteen Southern States where local option laws exist the saloon is prohibited throughout sixty per cent. of their area.

The friends of Temperance in Canada have secured the appointment by their government of a commission of inquiry regarding the traffic. In Great Britain the dominant party have espoused the cause of Temperance, favoring the "direct popular veto;" and even on the Continent of Europe attention is being awakened both on the part of governments and people to the

fearful prevalence and imminent perils of intemperance.

There is encouragement in the clearer utterances of Science; in the attitude of the great railway companies towards the drink habit in employes, and in the attitude towards Temperance Reform of the foremost leaders of the great labor organizations. The Knights of Labor refuse membership to all persons engaged in any way in the saloon business, and forbid any member on pain of suspension or expulsion to introduce intoxicating drinks at any meeting or social gathering under the auspices of the Order.

Let no heart faint because of hope long deferred, "For surely

there is an end, and thine expectations shall not be cut off."

In fulfillment of the duty laid upon this Committee of "maturing and reporting action on the subject to the General Assembly," we desire to cite the attention of your reverend body to

### A WRONG WHICH SHOULD BE RIGHTED.

It has come to our knowledge that in the New Hebrides and other islands in the South Pacific an extensive trade in strong

drink and fire arms is being carried on, in which traffic America has no inconsiderable share. This traffic is producing the most disastrous results among those barbarous tribes, frustrating all efforts for their evangelization and civilization, greatly increasing the prevalence of revolting crimes and vices, facilitating kidnapping and the slave trade, and in fact rapidly hastening the extinction of those unhappy races. Not Christianity alone, but the recognized principles of humanity demand that this cruel wrong, inflicted on these people by civilized nations, be quickly righted by the suppression of this traffic. Should not therefore the Presbyterian Church, through her General Assembly, pray our National Government to enter into such international regulations with other leading powers as shall seem best fitted to promote this result.

We would also invoke the carnest attention of the General Assembly to the character and influence of the institution known as

### THE ARMY CANTEEN,

in which commissioned officers of the army of the United States and enlisted and uniformed soldiers are detailed as saloon keepers and bartenders to dispense intoxicating drinks in regular army posts. Only beer and light wines are to be sold, and it has been claimed that our soldiers may thus be kept away from the low The testimony we have been able to collect by correspondence and otherwise shows that no beneficial result has followed, but that the canteen has been fraught with evil consequences. Maj. General Howard in his annual report urges its abolishment, and the Paymaster General calls the attention of the War Department to the fact that it is leading the men to squander their pay. It is proving especially disastrous in its effects on Colored and Indian soldiers. We are also advised by a chaplain in the United States navy that though not sanctioned by Congressional action or naval regulation, a system has been gradually introduced under which traders are permitted to sell beer to the men at navy yards and on board ships of war, and that the influence on the men is most deleterious.

Doubtless it was with no such purpose that the canteen and its naval counterpart were introduced, but the fact is that by them our government is seducing into habits of intemperance the young men whom it enlists in its service, and the Departments of War and of the Navy respectively should be memorialized to put a stop to the evil.

The time of service of the following members of the Committee expires at this time, and we respectfully recommend their

Ministers A. E. Linn and Jos. B. Turner; Elders C. L. Rose and W. R. Zeigler.

We also recommend the election of Rev. W. F. Crafts to fill the vacancy caused by the resignation of Rev. I. N. Hays, D. D.

Herewith is presented the Annual Statement of our Treasurer. We also bespeak the attention of the Assembly to the appended report of the Executive Committee of the Presbyterian Women's Temperance Association.

All of which is respectfully submitted.

By order of the Permanent Committee,

JNO. J. BEACOM, Chairman. JNO. F. HILL, Corresponding Secretary.

# James Allison, Treasurer, in account with the General Assembly's Permanent Committee on Temperance.

# APPENDIX.

REPORT OF CORRESPONDING SECRETARY OF PRESBYTERIAN WOMAN'S TEMPERANCE ASSOCIATION FROM MAY, 1892, UNTIL MAY, 1893.

The General Executive Committee of the Presbyterian Woman's Temperance Association has held regular business meetings at 1334 Chestnut street on the last Wednesday in each month, except

during July and August, 1892.

A public meeting has been held after each business meeting, at which times we have been addressed by various ministers who have shown deep interest in our work; we have been strengthened by these addresses and helped on our way, and we desire to return our thanks to all who have encouraged us and aided us in any way.

In addition to those Presbyteries reported at our last annual meeting, we have heard through the stated clerks of the following Presbyteries that committees have been appointed in response to

our petitions, viz.:

Zanesville, Huron, Steubenville, Athens and Portsmouth, Ohio; Osbornə, Kansas; Fort Dodge and Iowa, Iowa; Niobrara, Nebraska; Monmouth, West Jersey and Jersey City, New Jersey; White River, Arkansas; New Albany, Crawfordsville and Indianapolis, Indiana; McClelland, Atlantic; Pittsburgh and Carlisle, Pennsylvania; Bloomington, Illinois; Olympia, Washington; Buffalo, New York; Transylvania, Kentucky; Union, Tennessee; and Choctaw, Indian Territory. The Presbyteries of Chippewa, Wisconsin and Alaska have reported favorably, but no committees have been appointed.

The following Synods have appointed committees to co-operate with our Association: Kentucky, Pennsylvania, Baltimore, Colorado, Wisconsin and Michigan; and favorable reports have been received from the Synods of New York, Arizona and Atlan-

tic, but committees not yet appointed.

Many of the Presbyterial Committees are doing very efficient work, organizing the various churches within their bounds, distributing literature and circulating the pledge in the Sabbath Schools. A number of our Philadelphia churches are actively engaged in the work; the Walnut Street Church has a committee of over fifty members, having a President, Vice Presidents and chairmen of various committees. It has distributed thousands of pages of temperance literature, given out hundreds of pledges; has presented the Christian Endeavor Society with a Temperance Library of sixty-nine volumes, at a cost of eighty dollars, also

placed Temperance books in the Sabbath School. The Tenth Presbyterian Church has adopted the Temperance work. Our Recording Secretary reports having written to the Home Missionary Societies, sending cards, etc., but has received only one response. The Corresponding Secretary of the Committee of the Iowa Presbytery reports having written to every pastor in the Presbytery, sending our cards, church constitutions and petitions, besides a circular letter of her own, but has received but two reports. In Mediapolis, Iowa, the women are organized and at work according to the plan of our Association. We feel sure that other committees are doing good work, and we regret that no others have sent in reports.

Your Corresponding Secretary regrets not being able to report all the literature distributed by our Committee, but has not received full reports. 1,006 pages have been distributed between the Ridley Park and Glen Olden Churches, and 600 pages in the

Olivet Church.

We desire to thank the Permanent Committee on Temperance of the General Assembly for their generous supplies of literature

which they have so kindly sent us.

Your Corresponding Secretary regrets not being able to do more, but hopes that what has been done will be blessed. Have written 106 persoal letters to pastors and others, and 35 postal cards; sent out 25 packages of literature, aggregating about 320 each, of our cards, church constitutions and sessional petitions, besides a large number of printed addresses, deliverances of General Assembly, pledges, etc.

Have sent the necessary papers and instructions to 140 members of various Presbyterial Committees and to 30 members of

Synodical Committees.

We feel that our committee has done good work during the

year that is past which will bring forth fruit in due time.

At the annual meeting held Wednesday, April 26th, the following resolution was adopted:

Realizing that the humble contributions that have been forwarded to the Permanent Committee through the efforts of the P. W. T. A. are welcome, but inadequate to the needs of the work, we hereby resolve to make this an especial line of work for the coming year, and urge the churches to contribute at least once during the year, through their Sessions, the same to be sent directly to Rev. James Allison, D. D., Treasurer of the Permanent Committee.

Let us continue to work while it is day; the night cometh in which we can do no work.

The work is ours, results belong to God.

Respectfully submitted.

S. S. STERRETT.

Corresponding Secretary.

PHILADELPHIA, April 26, 1893.

# SUMMARY OF THE ACTION OF THE GENERAL ASSEMBLY.

Held in Washington, D. C., June I, 1893.

- Resolved, 1. That this Assembly expresses its deep sympathy with Rev. I. N. Hays, D. D., the faithful Chairman of the Permanent Committee, in his severe affliction, and places on record its high appreciation of the service he has rendered to the cause of temperance.
- Resolved, 2. That in view of the countless evils resulting from the traffic in and use of intoxicating liquors, we urge upon all our church members the duty of abstaining from that which causes so many to stumble, and also that they use all their influence, personal, social and political, for the entire suppression of such traffic and use.
- Resolved, 3. That since no restrictive laws will be of any avail, unless upheld and enforced by sound public sentiment, we urge our people to use every lawful method, such as securing temperance instruction in the public schools, temperance lessons in the Sabbath schools, family instruction as well as public preaching, to create and sustain a healthful public sentiment adverse to a traffic so ruinous in its effects on the individual, on the family, on the State, and on the Church of God.
- Resolved, 4. That we recognize the value and efficiency of the work of our Presbyterian Woman's Temperance Association, and other societies of Christian women, in promoting the cause of temperance and laboring for the suppression of an evil from which they, and innocent children, are the chief sufferers.
- Resolved, 5. That in view of statements, well authenticated, of the fatal effects of the introduction of intoxicating liquors by American traders among the natives of New Hebrides, Africa, the territory of Alaska, we earnestly petition our national government to enter into such international regulations with other leading nations as shall secure the entire suppression of this traffic.
- Resolved, 6. That the third Sabbath of September, or if more convenient, some proximate Sabbath, be recommended to our churches and people as a day to be observed as a day of prayer for the success of the cause of temperance, and that our churches, ministers and Sabbath Schools be requested to observe this day by such services as shall be best fitted to rouse an interest in the subject, and secure sound Biblical instruction thereon. It is also recommended that on such day a collection be taken up for defraying the necessary expenses of the Permanent Committee on Temperance.

1893.

# THE GENERAL ASSEMBLY FUND.

to meet the Contingent Expenses of the General Assembly, to pay the Traveling Expenses of the Commissioners to the Assembly, and to publish the Annual Minutes, is apportioned among the Presbyteries, for the year 1893, at the rate of five and one-half cents for each communicant (one and one-half cents of the amount being for contingent expenses); the Entertainment Fund is at the rate of one and one-half cents for each communicant; a total apportionment of seven cents per communicant; the estimate for each Church to be made at the Fall Meeting, and the payment made at the Spring Meeting, of the Presbytery.

# THE ANNUAL MINUTES

are published at one dollar per copy; cloth-bound copies, one dollar and fifty cents; postage included. To ministers belonging to Presbyteries that have paid their full apportionment, the cloth-bound Minutes will be furnished for 25 cents each, in addition to the Presbyterial apportionment. The Minutes can be had of the Stated Clerk, P. O. Box 1153, Pniladelphia, Pa.; also at the Presbyterian Mission House, 53 Fifth Avenue, New York City; and at the Presbyterian Publication House, No. 1334 Chestnut Street, Philadelphia, Pa.

# BEQUESTS.

In the preparation of Wills, when it is desired to make Bequests to the General Assembly, or to any of its Boards or Permanent Committees, care should be taken to insert the Corporate Name, as known and recognized in the Courts of Law. Bequests for the

General Assembly, or for general Church objects or purposes, should be made to "The Trustees of the General Assembly of the Presbyterian Church in the United States of America."

Board of Home Missions,—to "The Board of Home Missions of the Presbyterian Church in the United States of America, incorporated April 19, 1872, by Act of the Legislature of the State of New York."

Board of Foreign Missions,—to "The Board of Foreign Missions of the Presbyterian Church in the United States of America."

Board of Church Erection,—to "The Board of Church Erection Fund of the General Assembly of the Presbyterian Church in the United States of America."

Board of Publication and Sabbath-school Work,—to "The Trustees of the Presbyterian Board of Publication and Sabbath-school Work."

Board of Education,—to "The Board of Education of the Presbyterian Church in the United States of America."

Board of Relief,—to "The Presbyterian Board of Relief for Disabled Ministers and the Widows and Orphans of Deceased Ministers."

Board for Freedmen,—to "The Board of Missions for Freedmen of the Presbyterian Church in the United States of America."

Board of Aid for Colleges,— to "The Presbyterian Board of Aid for Colleges and Academies."

Sustentation is not incorporated. Bequests for its treasury should be made to "The Board of Home Missions of the Presbyterian Church in the United States of America, incorporated April 19, 1872, by Act of the Legislature of the State of New York, for Sustentation."

N. B.—If Real Estate be given by will, let it be carefully described.
